

4th January 2023

Dear Ratepayer

EMERGENCY CONTACT DETAILS

In recent years we have had a number of fire incidents where evacuations were required within a small time frame. The efficiency of these evacuations was hampered as a result of limited emergency contact details for our property owners.

To improve our emergency management service, we are in the process of implementing a database compiled with everyone's emergency contact details. These phone numbers or mobile numbers will *not* be used for any reason other than emergency evacuations.

These numbers *will not* be given to outside bodies and the information will be held at the Shire Office.

If you wish to be part of this process, please complete the slip below and return to the Shire Office at your convenience. Having your contact numbers on hand will greatly assist staff when conducting evacuations.

If you have any enquiries regarding this matter please do not hesitate to contact the Shire Office on 9756 1018 or by email nannup@nannup.wa.gov.au .

Kind regards

DAVID TAYLOR
CHIEF EXECUTIVE OFFICER
