AGENDA NUMBER: 10.9

SUBJECT: WALGA Membership

LOCATION/ADDRESS:

NAME OF APPLICANT: Cr Boulter

AUTHOR: Shane Collie - Chief Executive Officer

**DISCLOSURE OF INTEREST:** 

DATE OF REPORT: 19 January 2010

Attachment: WALGA Annual Subscription Information.

(Separate Cover)

### **BACKGROUND:**

Cr Boulter put forward the following Notice of Motion at the December 2009 Council meeting:

"That Nannup local government withdraw post haste from WALGA."

### Rationale:

This is not about money. It is about demonstrating to WALGA that they are about as weak as boarding house tea.

- Where were they when Minister Castrilli announced last year there would be a cull in local government. Nowhere to be seen.
- Why have not the executive been in contact with group 3 local authorities to seek their comments and bring Mr Castrilli to account.
- The argument of local government insurance is a red herring. Surely Council can advertise for another insurance broker to act on our behalf. It would also test the market.

It was recommended that an officer report be prepared if Council was to consider this matter and as such the Notice of Motion was withdrawn. This report is prepared in respect of the Notice of Motion as indicated.

Cr Boulter also put forward three questions with notice on the same subject, two of which were responded to and one was pending further information. The questions responded to are as follows (including the responses)

1. What is the number of staff/both full/part time of WALGA?

Number of full time employees is 85. Number of Grant funded employees is 24. (Source – Western Australian Local Government Directory page 15).

This was updated by email from WALGA (Mr Tony Brown) 18 January 2010:

Number of full time employees is 93. Number of Grant funded employees is 27.

# 2. The total wages/salaries paid per annum

WALGA non grant salaries (including superannuation) are \$6,038,481 and Grant salaries are an additional \$1,749,583. Total Salaries including superannuation are \$7,788,064.

(Source - Mr Tony Brown, 18 January 2010).

# 3. Nannup local government annual subscription

### 2009/10:

General Subscription: \$5,008

Fee for Service:

Romans: \$ 761 Website Maintenance: \$5,295 Secure Gateway: \$1,300

Member Subscriptions are 8.97% of Total Revenue (figure excludes grant revenue). Basic membership subscriptions are \$1,674,591. (Source - Mr Tony Brown, 18 January 2010).

Cr Boulter further provided on 12 January the following extract from a report presented by the Chief Executive Officer of the Shire of Westonia as part of that Council's meeting minutes of 20 August 2009:

"I suggest to Council that this is real opportunity for the Council to vent their anger at the Association for lack of appropriate representation and stealthy promotion of Local Government Reform with the SSS process. WALGA efforts would have been better spent lobbying for additional funding and less cost shifting by governments to assist the Local Government industry."

# COMMENT:

The suggestion from Cr Boulter to withdraw from WALGA is not supported. The rational put forward by Cr Boulter is responded to as follows:

• Where were they when Minister Castrilli announced last year there would be a cull in local government. Nowhere to be seen.

WALGA were conducting an industry wide Systemic Sustainability Study which predated the Minister's announcement. That study was concentrating on voluntary reform in the sector and this Council participated in that process. WALGA has been an advocate for no forced amalgamations before and since the Minister first announced his unilateral reform program. This position is supported by the majority of the WALGA membership.

 Why have not the executive been in contact with group 3 local authorities to seek their comments and bring Mr Castrilli to account.

There is no Council direction to do so and the point has not been raised or discussed by Council previously. If Council wishes a different strategy pursued to that adopted and implemented it would need to direct accordingly.

 The argument of local government insurance is a red herring. Surely Council can advertise for another insurance broker to act on our behalf. It would also test the market.

There is no Council direction to do so (advertise for another insurance broker) and the point has not been raised or discussed by Council previously. Council is part of a self insurance group which was introduced in 1994 in response to what were considered high premiums by the various insurance companies then used by the local government industry.

The market could be tested and if Council wishes this to occur an appropriate resolution would need to be passed. It is considered that withdrawing from a successful self insurance scheme would lead to higher premiums and would be a retrograde step both in terms of insurance coverage and cost to ratepayers.

The following reasons are put forward why Council should retain its membership of WALGA:

# <u>Unity:</u>

One of the most significant downfalls in local government is the divide and conquer theory. Whether that be by the State or Federal Governments, industry, community, or by local governments themselves.

It was only a few years ago that the fractured organisations of the Local Government Association (LGA) representing metropolitan local governments, the Country Shire Councils Association (CSCA) and the Country urban Councils Association (CUCA) joined as one group. The benefits are obvious in terms of representation, political influence, economies of scale and the like.

It is acknowledged that WALGA, like any membership based organisation will not be in a position to 100% of the time be representative of their membership's views, particularly when there are competing interests involved. To lose that advocacy and representation in the current local government climate is highly inadvisable. This is further emphasised in that the position that WALGA has taken on the current local government industry reform debate is reflective of this Council's stance.

Council's position at any level would be weakened by reputation and representation if it becomes the sole local government in the State to not be part of the peak local government membership organisation in the State. This would flow on to the South West region where Council is represented generally by the Shire President and CEO at the once every two monthly WALGA zone meetings which circulate the South West.

# Financial:

WALGA provide the following services which are not fee charged:

# Advertising.

Bulk rates are procured on behalf of all local governments, whether they advertise frequently such as the City of Stirling, or infrequently such as the Shire of Nannup. This Council is effectively being subsidised by larger advertising councils who form the majority of the total advertising pool which creates the bulk purchase discount.

Yes this Council could advertise direct and would pay significantly more by not receiving the bulk discount that the WALGA membership provides.

# Preferred Supplier Arrangements.

Virtually every aspect of purchasing can be done through the WALGA preferred supplier arrangements. Whether it be legal services, trucks, loaders, stationery, officer furniture or passenger vehicles, it has been demonstrated time and time again that the prices that WALGA have negotiated on behalf of the industry are significantly cheaper that what local governments could obtain individually.

A real life example was the loader that Council purchased in 2008 through these arrangements which saw a direct saving of approximately \$20,000 obtained (4 times the annual membership fee in one transaction). Council in this instance called tenders, hence the market was tested, and the preferred supplier

arrangement saw the same machine provided (which was in the tender) at a significantly cheaper price.

Similar "shopping around" on passenger vehicles is also now no longer required as all major suppliers are set at the Government rate which determines that the only variable in a trade is the price obtained for the vehicle being traded.

The other major benefit in this area is telephone arrangements. WALGA have negotiated a flat local call fee (14 cents) for all calls, by all councils (excluding mobile phones), anywhere in the world. This enables local governments, particularly in rural and remote areas, to obtain significant ongoing savings in communications. It also enables local governments, again mainly in rural and remote areas, to provide additional incentives to attract and retain employees at minimal cost. For example Council has placed its four senior officers, who are required by contract to have after hours phone availability on this scheme.

Should Council withdraw its WALGA membership Council would have to bear a larger cost of telecommunications and may also have to renegotiate some aspects of employee contracts.

## Fee for Service:

WALGA provide a number of optional fee for service arrangements including:

- Industrial Advocacy (Council uses an alternative supplier for this service).
- Recruitment (Council used this service in the recruitment of the Manager Development Services) after seeking a number of other quotations.
- Asset Management (not used).
- Tax and Finance (not used).
- Local Laws (not used though recent unpaid assistance was provided).
- Training (Council has used this service and is encouraged to do so again).
- Romans
- Website Maintenance
- Secure Gateway

It is considered that the benefits that stem from being a member of the peak local government membership organisation in the State are significant and that any action to withdraw such membership would be a retrograde step.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nil.

# FINANCIAL IMPLICATIONS:

As indicated in the body of this report. While not fully analysed it is reasonable to conclude that the withdrawal of membership of WALGA would save around \$5,000 per annum and cost a significant amount more to procure the same services from other sources.

STRATEGIC IMPLICATIONS: Nil.

# **RECOMMENDATION:**

That Council retain the present WALGA membership.

### **BACKGROUND:**

Further to Information Report December 2009 the Minister for Local Government has proposed that a Regional Transition Group be established consisting of the Shire of Manjimup and the Shire of Nannup.

Regional Transition Groups will be "established under a formal no opt out provision between participating local governments".

# COMMENT:

Council has previously stated its position on this matter by virtue of its reform submission. No doubt similar to many other local governments Council's position has been ignored and the Minister continues to push his reform agenda.

A draft response rejecting the invitation to participate in a Regional Transition Group with the Shire of Manjimup is submitted for endorsement. The draft response is reflective of Council's position on this issue.

A media release from WALGA is noted at attachment 3 which is consistent with Council's position and general industry concerns with the Minister's process. Similar relevant documents are noted per attachments 4, 5 and 6.

A State forum on this issue has been arranged by WALGA for 9 February 2010 and the Shire President and Chief Executive Officer are intending to attend. Confirmation of Council's position today will ensure that Council's position can be adequately represented at that forum should the need arise.

# **RECOMMENDATION:**

That Council endorse the attached correspondence rejecting the offer of participation in a Regional Transition Group consisting of the Shire of Manjimup and the Shire of Nannup.

CHIEF EXECUTIVE OFFICER

Our Ref:

Dear Mr Collie

I write to invite you as Chief Executive Officer of the Shire of Nannup to a briefing session on the next stage of the State Government's Local Government Reform Strategy, following on from the Minister's letter of 7 December 2009.

The Minister has proposed that a Regional Transition Group be established consisting of the Shire of Manjimup and the Shire of Nannup. Senior Department Staff will be meeting with local governments over the next few months to outline and discuss the proposed regional transition model. It is envisioned that the CEOs would then use the information presented at these briefings to subsequently brief their council.

It is hoped that you will be able to participate in this important element of the Department's engagement strategy. I understand from informal advice that the Shire of Nannup would like to consider this meeting request for resolution at the council meeting scheduled for January 2009.

I look forward to hearing from you on this matter.

Dear Ms Mathews,

# REGIONAL TRANSITION GROUP - SHIRE OF NANNUP

I write further to your letter of 31 December 2009 concerning the above matter initially advising that I submitted the detail of your letter to Council at its meeting held yesterday 28 January 2010. This response is hence endorsed by the Council of the Shire of Nannup.

Council has had concerns with the credibility of the Ministerial driven reform process for some time and this latest action has further enforced that view. There are conflicting messages between your correspondence and that of the Minister, as well as a number of presumptions and indeed an air of arrogance displayed which any reasonable person would object to.

The Minister for Local Government advised in an undated circular late in 2009:

"Other local governments have indicated a willingness to amalgamate but have been unable, in the time available, to obtain agreement with their proposed amalgamation partners. To provide these local governments with clear direction in moving forward, I have concluded that they should Regional Transition Groups."

It is now understood by virtue of your letter of 31 December 2009 proposing that a Regional Transition Group be established consisting of the Shire of Manjimup and the Shire of Nannup, that the above paragraph is designed to apply to this Council. This local government has <u>not</u> indicated a willingness to amalgamate with any other local government, and Council's reform submission specifically rejected the notion of an amalgamation with the Shire of Manjimup.

This Council will <u>not</u> be participating in a briefing session and will <u>not</u> be participating in any formal, no opt-out agreement proposed by the Minister. Indeed the presumption that myself as Chief Executive Officer would participate in any action such as this (and then brief my Council) when my Council has formally stated a contrary position is fanciful. It also places me in a position where to do so would be directly contravening a strategic position that this Council (my employer) has adopted and directed me to take.

The Shire of Manjimup has been informally advised of this 7 January 2010 and will receive a copy of this correspondence. This Shire has a good working relationship with the Shire of Manjimup however an amalgamation of the two local governments is not in the best interests of this local government which was stated unambiguously in Council's reform submission of 25 September 2009:

"The Shire of Manjimup has significant debt, its rates levied are above the Grants Commission assessed capacity and it has few reserves.

The Shire of Nannup is virtually debt free, has a long way to reach its assessed rates capacity and has, for its relatively small size, adequate reserves. The conclusion is that an amalgamation between these two shires from a pure financial basis would be a disaster for the Shire of Nannup and similar to the Busselton/Jarrahwood example quoted above. This would see Nannup become the poor cousin of a greater Shire of Manjimup which is already struggling to service the area that it presently operates in."

I would ask that yourself and the Minister read and understand this and cross reference the detail to the reform report produced by former long term Local Government Department (now consultant) Mr John Gilfellon where these matters are stated and supported by factual data

To conclude I would like to again state this Council's concern at the credibility of the Minister's reform process. It is strongly recommended that the Minister abandon the current process and that as a political party develop a position, including specific map details for local government reform for presentation as a formal party position in the lead up to the next State election.

Please do not hesitate to contact me if you require any further information.

Yours faithfully,

SHANE COLLIE
CHIEF EXECUTIVE OFFICER

WALGA Media Release - Minister to Face Councils on Reform

# 12 January 2010

# Minister to Face Councils on Reform

The State Government's plan to reform Local Government is suffering from confusion as a result of the constantly evolving process.

WA Local Government Association President Cr Bill Mitchell said Councils across the State were now demanding clarification on the process following the most recent shift in the State Government's approach.

In response to the concerns of WA Local Governments, WALGA will run a State-wide Reform Forum early next month at which Local Government Minister John Castrilli will speak on the latest stage of the process.

More than 300 representatives of WA Councils are expected to attend the day forum at Ascot race course on Tuesday, 9 February.

Or Mitchell said many Councils were confused and angry after making their reform submissions last September when advised by the Minister of a new 'transition process' which seems to have little or no regard for their submissions.

Under that process, nine Councils will amalgamate into three new entities; approximately 65 Councils have been directed to form Regional Transition Groups and to amalgamate by 2013; while others were assigned Regional Collaborative Groups to share resources but not amalgamate.

Adding to the confusion, the Minister recently decided to first support, then reject, and then again support an amalgamation proposal by the Shires of Yilgarn and Westonia.

Cr Mitchell said Councils had framed their reform submissions in consultation with their communities and consequently expected the Minister would have placed greater credence on the preferred options.

"It is important that the Minister appreciates the frustration and confusion in the sector but also that he has an opportunity to outline the process and address concerns," Cr Mitchell said.

"There is debate that if the Minister is assigning Councils to various groupings without an opportunity to explore alternatives then the voluntary nature of the process is compromised.

"WALGA has maintained since the State Government's process commenced almost a year ago that it would only support reform based on voluntary participation as local community support is vital to ensuring long term sustainable change."

The State-wide forum on Tuesday, 9 February at the Ascot race course will have registrations from 10am to start at 10.30am. The Minister has agreed to address the forum at the start of the day.

# Minister refuses to rule out amalgamations

Minister for Local Government John Castrilli has refused to guarantee that if Yilgarn and Westonia councils amalgamate they will not have to repeat the entire process after the next election, Shadow Local Government Minister Paul Papalia said today.

Mr Papalia said the Minister denied he opposed the amalgamation proposal from the Councils, instead suggesting they could go ahead with the merger in 2011.

He also sent a letter stating they should be part of a 'transitional group' of six councils in 2013.

"Having complied with the Minister's demands and voluntarily undertaken the costly and disruptive path of an amalgamation in 2011, these same councils may be forced by Mr Castrilli to do the whole thing again in 2013," Mr Papalia said.

"Mr Castrilli refuses to provide any certainty about how long this new merged council will survive.

"Just two years after merging, they may be forced to go through this expensive and time-consuming process all over again."

Mr Papalia said confusion continued to cloud the amalgamation process.

"Yilgarn and Westonia councils reluctantly complied with every directive from the Minister since he began his shambolic structural reform process in February last year," he said.

"They are among only nine of the State's 139 councils who volunteered to amalgamate.

"Yilgarn and Westonia complied completely with the Minister's demands by spending time and money consulting with their communities to develop an amalgamation proposal.

"Despite this, the Minister refuses to guarantee the new merged council will survive beyond the next State election."

# Castrilli stumbles towards day of reckoning

Trouble-prone Minister for Local Government John Castrilli will face a crowd of frustrated local government representatives from across the State at a special meeting on February 9, Shadow Local Government Minister Paul Papalia said today.

"The local government sector has finally reached the end of its tether over the shambolic structural reform process initiated by the Minister almost a year ago," he said.

"Mr Castrilli is approaching deadline day. He will be forced to face a group of frustrated local government councillors now next month who will demand answers and certainty about the amalgamation process."

Mr Papalia said recent media reports suggested the Western Australian Local Government Association (WALGA) and local government leaders of both regional and metropolitan councils were becoming increasingly frustrated at the process.

"WALGA clearly believe there is a secret 'grand plan' known only to the Minister," he said.

"The Shire President of Yilgarn Council, one of only nine councils to propose a voluntary amalgamation, is reportedly dumbfounded by the Minister's approach.

"Understandably, Yilgarn Council sees no sense in following through with its proposed merger with Westonia in 2011 if the Minister has a secret plan to force them to do another merger in 2013."

Mr Papalia said Mr Castrilli had told councils they must plan on joining a regional transitional group, but did not reveal the size or shape of the new groupings.

"Regardless of what their original amalgamation submissions found or what their communities want, local governments received a letter from the Minister suggesting they must combine into undefined regional transitional groups," he said.

"The Minister wants Rockingham Council to join one of these groups despite the council already catering for a population of around 100,000 people and seeing no value in amalgamation.

"It seems many fear all the hard work done by Councils in preparing proposals and submissions for Mr Castrilli has been a waste of time, money and effort.

"Now the Minister is attempting to convince Councils to stop consulting and sign up to a plan that they know nothing about.

"John Castrilli has stopped listening to WALGA, local governments and ratepayers - perhaps it is time he also stopped being the Minister."

# 4.2 Local Government Reform (05-034-01-0015 TB)

By Tony Brown Executive Manager Governance and Strategy

## Recommendation

### That:

- the Association continue to seek clarification on the State Government's position and process.
- 2. the written input of Local Governments be collated and provided to the Minister for Local Government for a response at the Local Government Reform forum to be held on 9 February 2010.

# In Brief

- All Local Governments prepared and submitted Reform Submissions by 30 September 2009.
- The Minister for Local Government provided an interim response to the submissions, advising that there are three categories:
  - a. Local Governments agreeing to amalgamate;
  - Regional Transition Groups with a formal no opt out provision and to amalgamate by 2013; AND
  - c. Regional Collaborative Groups.
- Confusion within the sector as to the nature of the Regional Transition Group and whether the process is still voluntary;
- WALGA requested to hold Reform Forum to seek clarification on the process;
- Local Government Reform forum organized for 9 February 2010 with Minister for Local Government attending; and
- Zone/State Council discussion required prior to Reform Forum.

# **Policy Implications**

The Association's policy is for no forced amalgamations and support for the recommendations and principles outlined in the Systemic Sustainability Study report, *The Journey – Sustainability into the Future.* 

# **Budgetary Implications**

The Association's 2009/10 budget contains funding for Forums/Seminars and Workshops in relation to the Local Government Reform Process that will cover the cost of the forum to be held on 9 February 2010.

# Introduction

The Minister for Local Government, Hon John Castrilli MLA, announced a reform package for Local Government in Western Australia on 5 February 2009. The reform was centered on voluntary amalgamations of Local Governments and initially included the possibility of amalgamations forced by the State Government if the voluntary proposals were viewed by the Minister as unsatisfactory. The State Government retracted from this position in March 2009 and advised that the process would be voluntary.

The reform package also included a proposal to reduce the number of Elected Members to between 6 and 9 Councillors for each Local Government and the formation of appropriate regional groupings of Local Governments.

WALGA has maintained a consistent position throughout the Minister's Reform Process. The position has been based on the principles and recommendations of the Systemic Sustainability Study (SSS).

WALGA strongly supports voluntary reform, based on the principles of:

- No Forced Amalgamations;
- Regional cooperation with local political representation, that delivers:
  - Improved services for the community, and
  - An appropriate number of elected members, who are better trained and better remunerated.

# **Background**

All Local Governments responded to the Minister's request and provided reform submissions by the 30 September 2009 deadline.

Following the completion of the submissions the Local Government Reform Steering Committee considered the submissions and prepared an interim report to the Minister for Local Government. The results of the submissions were;

- Three (3) amalgamation proposals where all parties agreed to amalgamate. This involved nine
   (9) Councils.
- Fifty four (54) Local Governments had indicated that they were amenable to amalgamations given certain conditions..
- The remaining Seventy Six (76) advised that they wanted to remain in their current form with some indicating boundary adjustments.

The Local Government Reform Steering Committee submitted an interim report to the Minister for Local Government. The Minister then considered the interim report.

The Minister wrote to all local Governments on 7 December 2009 (Circular 08-2009) outlining his response to the interim analysis advising that there are three categories for the reform process moving forward. These are;

- a) Local Governments agreeing to amalgamate
- b) Regional Transition Groups
- c) Regional Collaborative Groups

In respect to **Agreed Amalgamation proposals** the 3 proposals that received endorsement from all participating Local Governments were;

- Mingenew, Three Springs, Morawa and Perenjori
- Geraldton-Greenough, Chapman Valley and Mullewa
- Yilgarn and Westonia

The **Regional Transition Groups** will see several Local Governments working together under a formal, no opt-out agreement, with a view to forming a single entity by 2013.

The Minister stated that this approach will provide Local Governments with the opportunity to resolve key issues and harmonise core functions and services to ensure a *seamless* transition to a new entity. These core services and systems include;

- Strategic and community planning
- Infrastructure planning and asset management
- Economic development
- Corporate services
- Planning and management of natural resources
- Building and approval processes
- Statutory and strategic land use planning
- Environmental health
- Waste management.

The Minister further stated that there are a number of Local Governments in regional areas, which due to their remoteness and size, mean that amalgamations are not a priority. In this scenario, **Regional Collaborative Groups** will be formed.

Under this approach, Councils will work collaboratively on a regional basis and may or may not transition to a single entity in the future. Such groups would still be bound by a formal agreement and would be required to perform similar functions and services as the Regional Transition Groups.

In the 7 December 2009 circular, the Minister advised that financial incentives will be available to those Local Governments embracing these reform options. The Department of Local Government is to liaise with Local Governments to progress the best option for their region. Outcomes from these discussions will be incorporated in the Steering Committee's final report, which is due in March 2010.

The final report will also include input and findings from the four Working Groups which have been considering issues relating to Corporate and Strategic Planning; Commercial Enterprise and Urban Development; Training and Capacity Building; and Legislative Reform.

Following the Circular Letter 08-2009, the Minister wrote to Local Governments advising which group they had been allocated to and that Department of Local Government staff would contact them

WALGA wrote to the Minister on 14 December 2009 requesting "an assurance that should a Local Government not wish to be involved in a Regional Transition Group; the voluntary nature of this reform process will allow them to pursue their own regional service delivery model".

In his response, received by WALGA on 24 December 2009, the Minister said he was "committed to ensuring that Local Governments have continued capacity to better plan, manage and deliver services to their communities and that this will happen in a collaborative and voluntary way".

The Minister's letter did not specifically respond to the request for clarification as to if Councils could decline to join a transition group but that "full participation of each Local Government was vital" and that he anticipated "many Local Governments would embrace this approach".

Confusion in the process led to requests for WALGA to organise a meeting of Local Governments. A survey of members indicated strong support for some form of meeting or forum to be held.

As a result WALGA will host a State-wide forum on 9 February 2009 to give Member Councils an opportunity to raise their concerns. The Minister has committed to attend.

### Comment

Announcements regarding the next stage of the State Government's Local Government Reform has caused anxiety and confusion in the sector.

From the emails and telephone calls received by WALGA since the Minister's recent letters to Councils, the principle concern among Members is whether the reform process remains voluntary.

There is also concern on the following issues:

- What are the financial incentives and assistance available to Councils in joining Regional Transition Groups or Regional Collaborative Groups?
- What is the next step for Councils advised to join Regional Transition Groups who decide not to join?
- Can a Local Government request to be included in a Regional Collaborative Group rather than a Regional Transition Group?
- Are the Steering Committee's Interim and Final reports going to be made public?

WALGA wrote to the Director General of the Department of Local Government on 21 December 2009 requesting an answer to the above questions. At the time of writing this report a response has not been received.

Adding to the confusion has been recent media stating that the Minister decided to first support, then reject, and then again support the amalgamation proposal by the Shires of Yilgarn and Westonia.

Without clear advice from the Minister to the contrary, WALGA will maintain the understanding that it remains the choice of Councils as to how they proceed with respect to being placed in Regional Transition or Collaborative Groups or remaining as they are.

Members have given WALGA a clear mandate which supports voluntary amalgamation and rejects a forced amalgamation process. This has been a consistent and strong message to the Minister.

On the premise that the process remains voluntary, WALGA created a diagram (attached) of its understanding of the steps involved in the reform process available to Councils. The diagram, which has been distributed to all Councils as an Info Page, is WALGA's interpretation only, without endorsement or amendment by the Minister.

The Association understands the options based on the current Local Government Act provisions and the potential consequences are:

**Council Does Not Volunteer to Participate:** Under this option the status quo will remain or the Minister or one Council who wishes to amalgamate can initiate a Local Government Advisory Board Inquiry. If an amalgamation is recommended, the community can request a poll. At that poll 50 per cent of electors have to turnout and vote not to support the amalgamation for the status quo to remain. If either condition is not met the amalgamation can proceed.

Regional Collaborative Group: Councils have the opportunity to negotiate on developing regional shared services. If agreement can not be reached the group would lapse.

Regional Transition Group: The Department of Local Government will facilitate negotiations between Councils with a view to amalgamation by 2013. Once a Council decides to commit to the Regional Transition process there is NO opportunity to opt out. Councils who do not agree with the terms of the transition process also effectively volunteer not to participate and to maintain the status quo at the risk of the Minister or a neighbouring Council initiating an LGAB inquiry which may result in an amalgamation.

Amalgamation: Councils retain the opportunity to reach agreement and amalgamate with neighbouring Local Governments should all parties believe this is in the best interests of their community's economic, social and environmental wellbeing. This would be subject to the Local Government Advisory Board process.

Local Government Reform Forum: The arrangements for the reform forum are:

Date:

Tuesday, 9 February

Venue:

Ascot Racecourse, Grandstand Rd, Ascot

Time:

10:00 am morning tea and registration for 10:30 am start – 3:30 pm

The Minister for Local Government will address the sector at the beginning of the forum. The forum will be facilitated by Bevan Bessen.

The principle aim of the forum is to receive some solid advice from the Minister for Local Government on the State Government's intention with respect to Local Government reform so that all Local Governments are clear on the process and can give clear advice to their communities, so as to determine their Local Government's approach to the process as we move forward in 2010.

The forum will also enable the sector to discuss options for a strategic direction in respect to the sector's response to the State Government's position.

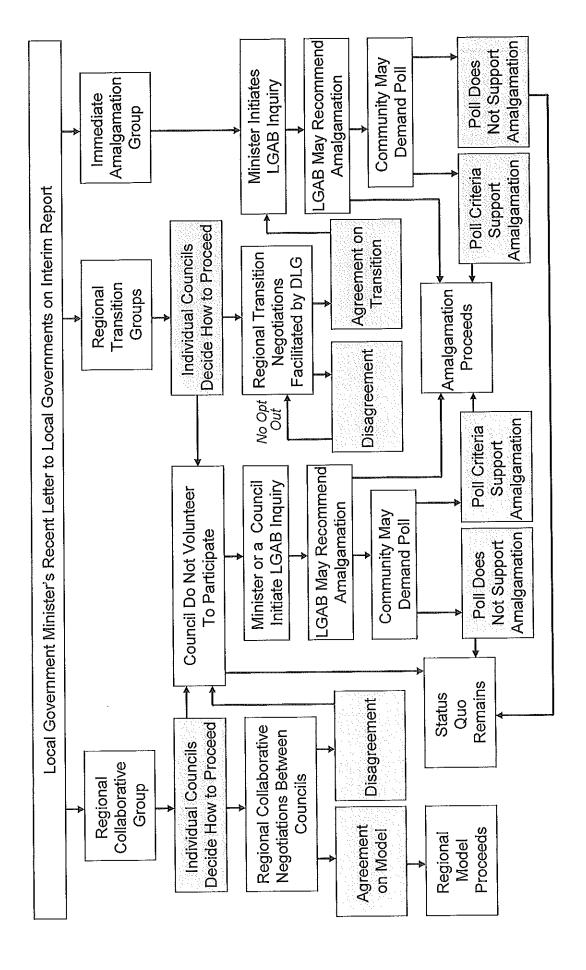

# Conclusion

Confusion has occurred due to conflict between the Minister's verbal assurances of a voluntary process and the written correspondence Councils have received where 'No opt-out clauses" are proposed.

This Agenda item is aimed at provoking discussion on the Local Government Reform process, so that each Zone has the opportunity to discuss the matter prior to the Reform Forum.

All Local Governments have been asked to provide written details of the questions that they wish to have posed to the Minister at the forum.

# Attention: Chief Executive Officer

Further to advice on the Local Government Reform Forum to be held on 9 February 2010.

The Association intends to put the following questions to the Minister at the forum;

Can the sector be assured this process continues to be voluntary?

• What financial incentives and assistance are available to Councils in joining Regional Transition Groups or Regional Collaborative Groups?

• If a Local Government determines not to participate in a Regional Transition Group, will the Minister respect that decision, or will he take further action such as referring a proposal involving that Local Government to the LGAB?

• Can a Local Government request to be included in a Regional Collaborative Group rather

than a Regional Transition Group?

• Will the Steering Committee's Interim and Final reports be made public?

In addition to the above questions, if your Council has other questions it would like put to the Minister; please forward to WALGA by 4pm Monday 1 February 2010. Please respond to email address tlane@walga.asn.au

I would also encourage you to discuss potential questions at your relevant Zone meeting to be held prior to the forum.

If you have any queries please do not hesitate to contact me.

Yours Sincerely

AGENDA NUMBER: 10.11

SUBJECT: Royalties for Regions Funding Allocations

LOCATION/ADDRESS: NAME OF APPLICANT: FILE REFERENCE: FNC 16

AUTHOR: Shane Collie - Chief Executive Officer

**DISCLOSURE OF INTEREST:** 

DATE OF REPORT: 19 January 2010

Attachments: 1. Letter from Department of Local Government 12/6/09 advising of Acquittal Date 30/11/09.

- 2. Department of Local Government Circular #26-2009 advising of Acquittal Date of 30/6/10.
- 3. Letter from Minister for Local Government 18/12/09. (Rescheduling of Fund Payments).
- 4. Letters from Nannup Telecentre, Nannup Music Club and Scott River Growers Group.
- 5. Extract from WALGA State Council Agenda 5/2/10.

### **BACKGROUND:**

Council resolved in March 2009 to allocate 2008/09 Royalties for Regions funds of \$605,370 as follows:

•	Nannup TimeWood Centre	\$440,000
•	Marinko Tomas	\$100,000
•	Ablution Facilities	\$65,370

Any surplus funds were to be allocated to "Infrastructure – Footpaths and Cycleways".

Council resolved in November 2009 to discontinue with the TimeWood Centre project and allocate part of the 2008/09 Royalties for Regions funds, an amount of \$61,454 to the construction of a cycle path to Cockatoo Valley/The Valley area along Warren Road/Brockman Highway inclusive of crossings of Carlotta and Nannup Brooks.

It is clear that the Ablution Facilities will use all of the above allocation of \$65,370. Similarly it is anticipated that the full \$100,000 will be utilised for Marinko Tomas. Therefore the total approved expenditure is as follows:

•	Marinko Tomas	\$100,000
•	Ablution Facilities	\$ 65,370
•	Footpath/Cycleway	\$ 61,454

TOTAL \$226,824

An amount of \$378,546 remains unallocated.

The Department of Local Government initially set a date of 30 November 2009 to acquit these funds. Attachment 1. This was subsequently put back until 30 June 2010. Attachment 2. Due to Council's decision on the TimeWood Centre there is now effectively only 5 months to allocate and spend the remaining \$378,546 with Council having no "ready to construct" infrastructure projects ready.

Coincidently the Minister for Local Government advised on 18 December 2009 (Attachment 3) of a delay in the distribution of the 2009/10 Royalties for Regions funds until the next financial year 2010/11. Council has accepted and budgeted to receive an amount of \$393,491 in direct Royalties for Regions funds in 2009/10. These funds were to be allocated to road maintenance and now will not be received, creating an income shortfall of \$393,491 in the 2009/10 budget.

### COMMENT:

Council requires time to consider the future funding allocation priorities of \$378,546 from 2008/09 while at the same time making up the shortfall of budgeted income of \$393,491 in the 2009/10 budget.

It appears obvious that the unallocated funding from 2008/09 should make up this shortfall. The minor difference of \$14,945 can be absorbed. The effect of this is that Council gains a period of time to consider future funding priorities for when the 2009/10 funding allocation is received in 2010/11, along with the 2010/11 funding as well.

The practical impact of this is that instead of 2009/10 funding being used for road maintenance, it will be the balance of the 2008/09 allocation used for that purpose. The 2008/09 Royalties for Regions funding allocation can also be fully acquitted per the Department's deadline of 30 June 2010.

Hence as it stands currently Council will receive the following funding from the Royalties for Regions program in 2010/11 and has the coming months in which to decide on allocation:

2009/10 allocation \$393,491 2010/11 allocation \$302,685

TOTAL \$696,176

In terms of allocation Council has many options. There are the initiatives contained in the draft Forward Plan which is contained in a separate agenda item for today's meeting as well as priorities that have been received from the community. Attachment 4 refers.

It is not intended at this stage to make any recommendation on the allocation of the 2009/10 and 2010/11 funds of \$696,176. It is suggested however that Council give this some informal consideration by virtue of finalising its Forward Plan over the coming months. Note also the following paragraph from agenda item 10.6 as discussed earlier at today's meeting:

# "Major Infrastructure Decisions

As standalone issues Council is aware that major decisions will be taken on the Recreation Centre and Visitor Centre/caravan parks and possibly the Telecentre over the next 12 to 24 months."

All of these projects are eligible for Royalties for Regions funding.

As a final point Attachment 5 is an extract from the WALGA State Council agenda for February 2010 which casts doubt on whether the State Government will fulfil its commitment to the Royalties for Regions program for 2010/11. This was also noted as a paid advertisement in the "West Australian" newspaper (page 4) on 19 January 2010. If this is the case Council will need to consider this as part of the 2010/11 budget deliberations where it may only have access to \$393,491 instead of \$696,176 in funding.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS: As noted in the body of this report.

STRATEGIC IMPLICATIONS: As noted in the body of this report.

# **RECOMMENDATION:**

That Council allocate the balance of 2008/09 Royalties for Regions funds of \$378,546, resulting from the discontinuation of the Nannup TimeWood Centre project, for the purpose of road maintenance, being to balance the 2009/10 budget shortfall of \$393,491 resulting from the delay in the payment of the 2009/10 Royalties for Regions funds.

Mr Shane Collie Chief Executive Officer Shire of Nannup PO Box 11 Nannup WA 6275

Dear Mr Collie

# ROYALTIES FOR REGIONS - COUNTRY LOCAL GOVERNMENT FUND (CLGF) YEAR 1 - 2008-09

I refer to the CLGF grant of \$605,370.00 (plus GST) to be paid in two instalments of equal value. The Department has received the Interim Acquittal Report and is satisfied with its contents.

A purchase order for the second and final instalment of this grant, \$302,685.00 (plus GST), has now been raised (no. 55628). The Council should invoice the Department but send its invoice direct to Shared Services quoting this number and additional GST amount.

Acquittal of the Grant

The Council is required to provide the Department with an audited Final Acquittal Report of the *entire* CLGF Year 1 grant allocation by **30** November **2009** as outlined in the 2008-09 Guidelines.

It is not expected that any Year 2 allocations will be lost should a delay in expending Year 1 funds extend beyond the above date, especially where major projects are concerned. However, it is important to note that payments of Year 2 allocations will not be made until the Council have fully acquitted the *entire* Year 1 expenditure.

Please find attached the Financial Statement and Report form which should be used as the basis of the acquittal. This report is to be used for expenditure of the *entire* Year 1 allocation. Therefore, please do not send this report until all Year 1 funds have been expended.

The report must be completed, signed and returned to the Department outlining the following details specific to the CLGF funds:

- Details on how the funds were allocated;
- Details on how the funds were expended;

# Government of **Western Australia** Department of **Local Government and Regional Development**

- An audited statement (prepared and signed by a qualified independent auditor) of a Statement of Income and Expenditure showing funds were expended in accordance with the Acceptance Form and used for the purposes for which they were provided;
- Details on the project(s) progress to date; and
- Details on any other funding secured for the project(s).

As per the Guidelines, the CLGF grant funds are also to be reported accordingly:

- Acknowledgment of the fund within the Council's annual report; and
- Inclusion in the annual Compliance Audit Return.

Please remember that Funds can only be spent within the asset classes as outlined in the 2008-09 Guidelines. Funds cannot be spent in the following areas:

- Non-infrastructure items;
- Purchasing plant and equipment;
- Employing staff;
- Engaging consultants;
- Retiring debt; or
- Recurring organisational expenditure.

Should the priorities and needs of the local government have changed and the Council wish to reallocate the funds accordingly written advice will need to be forwarded to the Department.

Please note that the Department is subject to the WA Freedom of Information Act. The Council should also be aware that information pertaining to the receipt of financial assistance will be tabled in the Western Australia parliament. This information could include the name of recipients, the amount of the assistance, the name of the project(s) and possibly, a brief description thereof. This could result in requests for more details to be released publicly.

If there are queries regarding these terms and conditions, or electronic copies of the Form are required, please contact Rachel Reynolds, Senior Grants Officer on (08) 9217 1466, Freecall (WA Country callers only) 1800 620 511 or via email <a href="mailto:clgf@dlgrd.wa.gov.au">clgf@dlgrd.wa.gov.au</a>. COUNTRY LOCAL GOVERNMENTS

**CIRCULAR NO. #26-2009** 

# ROYALTIES FOR REGIONS - COUNTRY LOCAL GOVERNMENT FUND - EXPENDITURE AND ACQUITTAL

The Department of Local Government (the Department) is aware that there may be some confusion regarding the acquittal process under the Country Local Government Fund (CLGF).

Under the 2008-09 Guidelines, the Department requires an audited Statement of Income and Expenditure specific to your CLGF allocation, as part of the Final Acquittal Report Form. This Form is to be submitted to the Department no later than 30 June 2010.

The audited Statement of Income and Expenditure is to include the expenditure of the entire allocation.

To clarify, a transfer of your allocation into a reserve fund/trust account/term deposit is not classified as expenditure; this is considered a reallocation of resources. Expenditure is the use of resources to discharge a liability, acquire an asset or pay for a service.

A reminder that expenditure of your allocation must fall within the parameters of the 2008-09 Guidelines.

Under the 2008-09 Guidelines, local governments may not receive their Year 2 allocations until the Year 1 allocation has been fully acquitted. This acquittal does not need to be upon the completion of a project(s) but on the expenditure as above.

The Department would also like to clarify that all CLGF project allocations must be included in the local government's annual audit and included in its financial statement as part of its annual report.

Should the above information affect the acquittal of your Year 1 funds and the timing of your Year 2 payments/project(s), the Department recommends you review your work schedule and make the appropriate adjustments. The Department must then be notified in writing of any changes to your project(s).

Should you have any further queries, please do not hesitate to contact Rachel Reynolds on telephone (08) 9217 1466 or Freecall 1800 620 511, or via email <a href="mailto:clgf@dlgrd.wa.gov.au">clgf@dlgrd.wa.gov.au</a>.

Dear Mr Collie

# RESCHEDULING OF COUNTRY LOCAL GOVERNMENT FUND PAYMENTS

The recent mid-year budget review has highlighted the significant impact the change in the global economy and the strong Australian dollar have had on reducing Western Australia's revenue from mining and petroleum royalties.

The Department of Treasury and Finance is working to manage the changed revenue position of the State and will manage cash flow to minimise any impact on the timing of expenditure on regional infrastructure.

As a result of the reduced royalties revenue and the commitment to preserving a healthy State balance sheet, \$130 million of Royalties for Regions recurrent funding will be deferred from the 2009-10 financial year.

A total of \$90 million will be deferred from the Country Local Government Fund (CLGF) Stage Two. The funds will now be distributed from July 2010, allowing councils to fully expend existing allocations.

The guidelines for the distribution of funding allocations to regional groupings will be advised early in 2010 through the Department of Local Government.

There will be an allocation of \$10 million in the current financial year to the Department of Local Government of which \$7.5 million will assist local governments and regional groupings develop planning processes, identify and set local and regional priorities and project forward capital works expenditure. Details will be provided in early 2010.

Queries about CLGF payments can be directed to Fiona Colbeck, Manager Country Local Government Fund on 9217 1421 or via email at <a href="mailto:fiona.colbeck@dlg.wa.gov.au">fiona.colbeck@dlg.wa.gov.au</a>

I look forward to a continuing, successful partnership to develop Western Australia's regional communities.

Chief Executive Officer Shire of Nannup PO Box 11 NANNUP WA 6275

Dear Shane.

The Nannup Telecentre committee would like to express its disappointment and concern regarding the decision made at the 26 November 2009 Council meeting to refuse planning approval to the TimeWood Centre project.

This decision, if not reversed, will have far reaching consequences to the Nannup community as well as the ability of the Nannup Telecentre to service the expanding needs of Nannup residents.

Although perfectly located in the business and tourist precinct, the existing Telecentre premises and the condition of the building structure offers limited opportunities for development or expansion. The TimeWood project addressed the shortcomings of the existing premises and provided the faculty to work more closely with other community organisations and will always be the best long term option for the community.

In February 2010 Nannup Telecentre will undergo an expansion of services delivered through the new banner of "Community Resource Centre". This expansion will include working as a shop-front for the South West Development Commission and providing increased information services on behalf of the Department of Regional Development and Lands. The existing premises not only limits the ability of the Telecentre to deliver its day-to-day services but also reduces the capacity to maximise these new opportunities on behalf of the Nannup community.

In addition, with Council currently considering "What is core business?" as a community managed service organisation, the Telecentre would be the logical agency to pick up services that Council considers outside its scope of service delivery. This will put further pressure on the Telecentres premises.

We are aware that a rescind motion has been enacted aimed at reviewing the decision on the TimeWood project. However, should this decision not be reversed, the pressure for expanded Telecentre premises will remain if not further heightened. As it is necessary for Telecentre services to be delivered in the main street tourist/business precinct, and with no other clear option for alternative premises, the Telecentre committee requests the following-

- Council provide In Principal support for the extension of the existing Telecentre premises in keeping with its heritage design.
- Council allocate \$250,000 from its 2008/09 allocation of Royalties for Regions for extension of the Telecentre premises and much needed work on the buildings structural integrity.

The Telecentre committee sincerely hopes that the TimeWood Centre project is continued by Council as it is still the best option for the community.

Yours Sincerely

### Hi Shane

With regard to Royalties to Region money that was earmarked for the Timewood The money may already have been allotted to other projects but if not I would like to offer a suggestion for some of the money The Shire did apply for money to finish off the infrastructure at the Foreshore park but only received a small proportion that was asked for and I know it is hoped that most of this money will be used to buy security fencing for the Amphitheatre I would like to suggest that other items asked for but not funded be relooked at The most important thing would be a storage shed for the fencing If this shed could be located next to the stage and have a stone side to match the stage and be so designed that it is can also be used as two green rooms when concerts are held.

I am sure that the building could be designed very easily and if it was possible to also incorporate a toilet and shower for use by artists this would be a very valuable asset and make the Amphitheatre more user friendly. and also lessen the need to hire green rooms and toilets every time the area is used I would be very happy to discuss this further with you

and talk over my ideas for the design

Dear Mr Collie,

It has come to the attention of the Scott River Growers Group and the Scott River/Lake Jasper Fire Brigades that the Time Wood Centre project has not received the support of council and will not go ahead and therefore the finances allocated to the project will have to be handed back to Government or re-allocated to other projects.

We would like the council to consider allocating the Royalties to Regions monies that were allocated to the project, to be re-distributed to the much needed Scott River Fire shed and meeting room.

This project has a site chosen and as there is little design work to be done and the money can be spent before the deadline for handing back the monies to Government occur.

Yours faithfully

### Comment

From the Mid-Year Budget review it is reasonable to conclude:

- The State Government does not intend to make the payments deferred from 2009/10 in 2010/11 in addition to the payments previously budgeted for that year;
- b) Funding for Local Infrastructure Asset Renewal and New Assets will be \$13.7 million less in the short term than previously budgeted (\$62.5 million was budgeted for 2009/10 but the revised budget for 2010/11 is \$48.8 million); and
- c) It is not possible to confirm the State Government's intentions for 2013/14 and subsequent years as the Mid-Year Budget Review covers the same period (2009/10 2012/13) as the Budget.

It remains unclear when the deferred payments to Local Governments will be made. The Acting Minister's statement (17 December 2009) indicates only that payments will be distributed from 1 July 2010. The Government needs to commit to a payment of \$97.5 million (adjusted for inflation) in 2013/14 or earlier in order to support the claim that the action taken is a "deferral" and not a reallocation of funding.

The effective withdrawal of \$97.5 million in funding for Local and Regional Councils will impact on the delivery of a wide range of planned capital projects. Local Governments are particularly concerned that the Budget review shows a 22% reduction in funding allocated for Local Infrastructure Asset Renewal and New Assets in 2010/11 compared with 2009/10. Local Governments will need to provide the shortfall in funding for projects that have already been initiated. The timing and capacity to deliver planned projects is now uncertain until a "catch-up" payment schedule is confirmed.

The Royalties for Regions Act (2009) requires the Treasurer to credit 25% of the forecast royalty income for a financial year to the Royalties for Regions Fund as part of the budget process. It makes no mention of any revision to forecast royalty income during the year (up or down) or any adjustment to the amount provided to the fund as a consequence.

If successful the proposed advocacy will result in the State Government addressing the shortfall in the Country Local Government Fund, potentially as part of the 2010/11 State Budget. Local Governments will need to be prepared to provide clear details of the outcomes achieved using 2008/2009 funding and the impact of the "deferral" on projects already commenced and in planning.

Completed 2009 Compliance Audit Return.

### **BACKGROUND:**

Council is required to complete a Compliance Audit Return every year. The Compliance Audit Return for the period 1 January 2009 to 31 December 2009 has been completed. The Compliance Audit Return is to be:

- Presented to Council at a meeting of the Council.
- 2. Adopted by the Council.
- 3. The adoption recorded in the minutes of the meeting at which it is adopted.
- Signed by the Shire President and Chief Executive Officer and returned to the Department of Local Government and Regional Development with a copy of the Council minutes of the meeting at which it was received.

### COMMENT:

There were no issues of significance raised in the report that require any specific follow up action through Council or the Department of Local Government.

Minor matters that were highlighted during the review (and comment) are as follows:

1. Primary Return lodged by all newly designated employees within three months of their start date.

One employee did not complete and return the Primary Return within three months of their commencement date, however this has now been undertaken.

As it appears that the employee was not provided the document procedures need to be amended to ensure that all new designated employees are provided with a Primary Return in a timely manner (most likely as part of the normal induction process) for completion.

2. Ensuring that the officer who is responsible for the day-to-day financial management operations of the Council does not also conduct an internal audit.

For a small local government with limited staff resources it is impractical to separate the above two functions without adding considerable cost to Council's salaries budget.

3. Have all Council's resolutions to make local laws been recorded as such in the minutes of the meeting.

In the minutes of the November 26th 2009 Ordinary Council Meeting when Council resolved to adopt the Shire of Nannup 2010 Standing Orders Local Law, the resolution was carried 6/2, however the words "by Absolute Majority" were not recorded. This was a minor administrative oversight and has no impact on the decision of practical application.

4. Contents of the minutes for all Council or committee meetings include, where the decision was significantly different from written recommendation of a committee or officer, written reasons for varying that decision must be recorded.

While this has been tightened up on, reasons were not included in some committee meeting and Council minutes prior to October 2009. Again the practical application is not an issue and processes are in place to ensure that this compliance issue is addressed when it arises.

Letter from Department of Environment and Conservation.

#### **BACKGROUND:**

The Department of Environment and Conservation (DEC) have written to Council seeking a nomination for a representative on a Project Advisory Group in respect of the next major construction phase for the Munda Biddi Trail.

#### **COMMENT:**

It is appropriate that Council have some representation on this group given that the trail currently ends at Nannup and there is funding in place of \$3 million to continue the trail further south from this point. It appears that information in the attached letter is incorrect where it states that the funding is applicable from Manjimup to Albany. (This would be one of the first points of clarification).

The project has significant tourism/recreation implications for Nannup and as such it is important that this local government is represented. Unless there is a Council member that specifically desires to nominate for this position as Chief Executive Officer I am happy to undertake the position. Reasons being:

- There are established relationships between the key stakeholders and myself, particularly through liaison on the section of the trail completed between Jarrahwood and Nannup over the last few years.
- Meetings are quarterly and all administrative support is provided by DEC hence the impost in terms of time/commitment is not great. There is no financial call on Council for this project at all. Council is not the lead agency in the project.
- It is important that the coordination of the proposed cycle path to be constructed south of the Nannup townsite is undertaken in a manner compatible with the Munda Biddi Trail.
- Route issues between Nannup and Manjimup can be managed in a manner that is in the best interests of this community (At this stage understood to be through East Nannup/Gold Gully and Willow Springs).
- A keen interest and knowledge of district trails.

Shane Collie Chief Executive Officer Shire of Nannup PO Box 11 Nannup WA 6275

Dear Shane,

# INVITATION TO NOMINATE A REPRESENTATIVE FOR THE MUNDA BIDDI TRAIL PROJECT ADVISORY GROUP

The Munda Biddi Trail is Western Australia's premier off road cycle touring trail. Starting in Mundaring, just to the east of Perth, it currently meanders 500km through forests and bushland to Nannup. The trail is ultimately planned to extend 1,000km through to Albany on the south coast.

In 2009 the Department of Environment and Conservation (DEC), and the Munda Biddi Trail Foundation were successful with funding applications to complete the Trail under the Royalties for Regions - Regional Grants Scheme through the Great Southern and South West Development Commissions.

As the project is moving into full operations, DEC and the Foundation have set up a Project Advisory Group, with the aims of supporting the trails development, assist in communication with major stakeholders, and also assist in problem solving if issues arise.

Currently, the membership of the group includes representatives from DEC (Recreation and Trails Unit and District representatives), the Foundation, Great Southern Development Commission and the South West Development Commission.

At the first meeting of the group in December 2009, it was agreed that it would be greatly beneficial to include a representative from the four local government authorities, being the Shires of Nannup, Manjimup and Denmark, and the City of Albany.,

I would like to take this opportunity to invite you to nominate a representative to sit on the Project Advisory Group. The group meets quarterly, with the next meeting planned for the 18<sup>th</sup> March, 2010, at the SWDC Offices in Manjimup. I have attached the group's Terms of Reference for your information.

Should you have any further queries, please do not hesitate to contact Project Coordinator Kerstin Stender on 9842 4550 or myself on 9334 0599.

Yours sincerely,

Stuart Harrison

Recreation Activities Coordinator

## Munda Biddi Trail Project Advisory Group

### Terms of Reference

### **Background**

The Munda Biddi Trail (MBT) Project was established out of a community request to build a trail specific for off road cycling, similar to the Bibbulmun Track. The then Department of Conservation and Land Management, now the Department of Environment and Conservation (DEC) commenced planning for the project in 2000, with the northern half of the trail completed and opened in 2009.

DEC's management of the trail is supported by the Munda Biddi Trail Foundation (MBTF), a not for profit community organisation. The partnership between DEC and the Foundation is formalised in a Memorandum of Understanding that recognises DEC as the trail manager, and the Foundation as the community focus responsible for marketing and promotion, volunteer maintenance and running events.

In 2009, DEC and MBTF were successful in a joint funding application to both the South West and Great Southern Development Commissions Royalties for Regions Regional Grants Schemes. This grant allows for the completion of the Trail's construction from Manjimup to Albany by mid 2012, along with implementation of a cycling community development program.

### **Role of Project Advisory Group**

The role of this Project Advisory Group is to support and assist DEC in the completion of the MBT construction and the MBTF in the implementation of the community development program.

### Objective

To complete the development of the Munda Biddi Trail and related community development project by mid 2012 and to ensure that it is a successful recreation and tourism product.

### **Key Tasks**

- Monitoring the progress of the project.
- Assist in determining the preferred alignment of the trail where multiple options exist
- Assist in solving any problems or issues that may develop.
- Assisting in communicating the project's progress in the wider community.
- Assist in the development and delivery of the MB Community Development Program.

### Membership

The Project Advisory Group membership includes the following representatives -

### **DEC Representatives**

- Parks & Visitor Services Division
- MBT Project Coordinator
- Warren Region PVS Leader
- Donnelly District Representative

Meeting locations will be rotated between Albany and Manjimup.

If required, decisions will be reached by consensus.

If required, the Project Advisory Group may establish smaller working groups to address specific issues.

### **Administrative Support**

Administrative support will be provided by the DEC Recreation and Trails Unit.

## STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD 1 JULY 2009 TO 31 DECEMBER 2009

# REPORT ON MATERIAL VARIANCES BETWEEN YEAR TO DATE BUDGET ESTIMATE AND YEAR TO DATE ACTUAL.

All except seven of the variances shown in the above named statement of financial activity are outside of the adopted variance of 10%.

The main reason for the variances is that expenditure and income is not occurring as predicted by Officers during the budget development stage. This is due to a number of reasons, the main one being not accurately projecting cashflows throughout the year, i.e. predicting when the budgeted income or expenditure will occur as opposed to when it actually occurs. Other reasons are not receiving a grant for grant dependant expenditure, projects controlled by Advisory Committees, suppliers/contractors not having the capacity to undertake the works within Council's timeframes, altered Council priorities, etc.

The following provides the major reasons for the programs that have variances outside of the adopted variance:

### **REVENUE:**

Law, Order & Public Safety: Income received from FESA for Brigade operations is understated due to 30<sup>th</sup> June 2009 accrual for Brigade equipment grants (\$25,000).

Community Amenities: Received more Local Planning Scheme amendments than budgeted (\$13,000) and Tip Fees (\$1,500).

Recreation and Culture: An accrual for a grant for the refurbishment of the Town Hall chairs (\$10,000) has not been received when anticipated. Three grants for outdoor gym equipment (-\$10,400), Royalties for Regions (-\$50,000) and bicycle racks (-\$7,710) were not budgeted for. AGENDA NUMBER: 10.15 SUBJECT: Budget Review LOCATION/ADDRESS: Nannup

NAME OF APPLICANT: FILE REFERENCE: FNC 3

AUTHOR: Craige Waddell - Manager Corporate Services

DISCLOSURE OF INTEREST:

DATE OF REPORT: 15 January 2010

Attachment: Analysis of Budgeted and Actual Income and Expenditure for the Period Ending 31 December 2009.

### **BACKGROUND:**

Council is required under Local Government (Financial Management) Regulation 33A to conduct a budget review between 1 January and 31 March each financial year. Council is also required to submit the outcome of the review to the Department of Local Government and Regional Development within 30 days of the acceptance of the review.

### COMMENT:

The attached report details Council's 2009/10 budget, the actual expenditure or income to 31 December 2009, and the anticipated expenditure or income to 30 June 2010 for each item of expenditure and income. It should be noted that in the attached report a negative figure in the "difference" column is good from an overall budget point of view. Council budgeted in its 2009/10 budget for a balanced cash position. The net result of the review shows an anticipated deficit of \$8,049.

The following details those significant variations from the review that Council may wish to take into consideration in terms of identifying any proposed action to be taken to trim the budget or commit further funds. Some variations in both income and expenditure that nullify each other, such as the predicted income and expenditure associated with Recoverable expenses (COA 0422) and Expenses recovered (COA 0573) have not been included in the following as they do not impact the bottom line.

1. The carried forward position from the previous financial year when calculated from the audited financial statements reveals a surplus position of \$1,726,479. This includes grants received in the prior period and reported as such to the value of \$1,742,462 and expenditure budgeted last year (2008/09) and not expended, but carried forward into this year to the value of \$72,539. Allowing for these reveals a carried forward position from operations of a deficit of \$88,522. This compares to the carried forward

figure contained within the budget of a deficit of \$228,644 which is beneficial from a budget review process to the extent of \$140,122.

- 2. Grants have been received from the Fire and Emergency Services Authority for plant, buildings, Emergency Services Levy funding for both Bush Fire Brigades and State Emergency Services and additional Community Safety Manager funding. This has all been allowed for as additional expenditure through the budget review process and therefore there is no impact on the bottom line of the budget.
- 3. The budgeted expenditure on town planning services will be under spent by \$20,000 and town planning administration expenses by \$10,000 as the municipal inventory will not been undertaken in the current financial year.
- 4. Community Infrastructure Plan expenditure of \$14,900 will not be spent this financial year (Assume adoption of recommendation item 10.4).
- 5. Expenditure on the Timewood Centre will be under budget by \$1,965,604 due to the project being terminated by Council in December 2009. Grant income budgeted of \$1,367,000 for the Timewood Centre will not be received, however the balance of the Royalties for Regions funds which was allocated to this project of \$378,546 (being \$440,000 less \$61,454 allocated to the construction of the cycle path) will need to be reallocated by Council and expended appropriately. The determination of the area of expenditure will be the subject of another agenda item. The budgeted transfer from reserve of \$366,000 for the Timewood Centre will not occur, however the current year's anticipated expenditure of \$165,396 will be transferred leaving a balance of \$200,604 within the reserve which Council will need to re assign. Budgeted loan borrowings of \$398,000 for the Timewood Centre will not be drawn down. The bottom line of this is that there is no effect on the budget, other than the reallocation the Royalties for Regions grant and the reassigning of the balance of the reserve account.
- 6. The Foreshore Park and Balingup Road ablution blocks will be overspent by \$75,000 predominantly due to the sewage requirements for the Balingup Road site.
- 7. Purchase of Plant will exceed the budget provision by \$48,060.
- 8. The Road Construction Supervision fee budgeted amount of \$15,000 will not be received due to Mowen Road works not proceeding this financial year.
- 9. The budgeted plant loan of \$51,209 for the sake of this review is not being drawn upon because of the interim budget position showing no requirement to draw upon it at this stage.

- 10. Building salaries will be under budget by \$25,470.
- 11. As per previous agenda item concerning Royalties for Regions funding for the current year of \$393,491 being delayed, and utilising the balance of the Royalties for Regions funding originally targeted for the Timewood Centre to compensate for this, a shortfall of \$15,000 in the budget is realised.

A summary of these variations follow:

Carried forward position (Surplus)	-\$140,122
Town Planning services	-\$30,000
Community Infrastructure Plan	-\$14,900
Ablution Blocks	\$75,000
Plant Purchases	\$48,060
Road Construction Supervision Fee	\$15,000
Plant Loan	\$51,209
Building Salaries	-\$25,470
Royalties for Regions funding	\$15,000
Various	\$22,685
Total deficit	\$8,049

The "Various" as stated above is made up of a myriad of minor line by line variations, any of which can be detailed to Councillors if required.

The 2009/10 plant loan provision of \$51,209 was used to "balance" the budget. This loan, or a part of it, may be required to be drawn upon depending upon the predicted end of year cash position. A further review and determination as to the requirement for this loan will be presented to Council closer to the end of the financial year.

It is recommended that Council take no action in relation to its current budgetary situation as there is still five months of operation left where further variations may be brought to light. If further action is required, it can be undertaken at a future budget review.

### STATUTORY ENVIRONMENT:

Local Government (Financial Management) 1996 Regulations 33A.

POLICY IMPLICATIONS: Nil.

### FINANCIAL IMPLICATIONS:

If the year-end position is as predicted, Council's 2010/11 budget will have a small deficit carry forward position incorporated into it.

STRATEGIC IMPLICATIONS: Nil.

### **RECOMMENDATION:**

Council not make any changes to its budgetary position at this stage as there is still five months of operations left within the financial year.

AGENDA NUMBER: 10.16

SUBJECT: Contribution from Nannup Netball Association

LOCATION/ADDRESS: Nannup

NAME OF APPLICANT: Nannup Netball Association

FILE REFERENCE: REC5

AUTHOR: Craige Waddell - Manager Corporate Services

**DISCLOSURE OF INTEREST:** 

DATE OF REPORT: 18 January 2010

### **BACKGROUND:**

The Nannup Netball Association writes informing Council that the association no longer operates. It had a balance of funds totalling \$1,316.80 which it has given to Council for "future upgrades to the Nannup Community Centre".

### COMMENT:

This contribution from the Nannup Netball Association to Council is a valid use of the former association's surplus funds at the time of winding up.

The use of the funds should be as desired by the association, or by agreement with the association.

Council currently has a reserve fund in place for the redevelopment of the Recreation Centre. It is budgeted to have \$168,972 in this reserve fund as at 30 June 2010. The purpose of this reserve is to accommodate future upgrades to the Recreation Centre / Community centre building complex as has been the subject of discussion by Council recently.

The placement of the surplus funds from the Nannup Netball Association into the Recreation Centre Reserve would satisfy their desire for the disposal of the funds.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nii.

### FINANCIAL IMPLICATIONS:

Additional \$1,316.80 to be transferred to the Recreation Centre Reserve.

STRATEGIC IMPLICATIONS: Nil.

## **RECOMMENDATION:**

That Council accept the contribution from the Nannup Netball Association of \$1,316.80 transferring the funds into Council's Recreation Centre Reserve.

**VOTING REQUIREMENTS:**

MANAGER CORPORATE SERVICES

AGENDA NUMBER: 10.17

SUBJECT: Acceptance of Grant Funds, Department of Transport

LOCATION/ADDRESS: NAME OF APPLICANT: FILE REFERENCE: FNC 6T

AUTHOR: Louise Stokes - Community Development Officer

**DISCLOSURE OF INTEREST:** 

DATE OF REPORT: 20 January 2010

Attachment: Letter from Department of Transport

### **BACKGROUND:**

On the 27<sup>th</sup> August Council meeting, Council accepted the following funding from the Department of Transport.

"That Council accepts the grant of \$15,000 through the Regional Bicycle Network Local Government Grant Funding 2009/10 funding round for the purpose of constructing creative bike racks to be installed within the Nannup townsite."

Advice has been received from the Department of Transport that due to unallocated funding there is an opportunity to offer Council additional funds that were applied for within this application including: \$1,500 for the installation of two water fountains to be located next to the Foreshore Park Ablution Block and in the Brockman Street Playground and \$6,750 towards the construction of the ablution block showers.

### **COMMENT:**

This funding offer requires that a 50% contribution must be made to complete the project. This is achievable and it has been confirmed that all works can be completed by the 30<sup>th</sup> June 2010.

The Department of Transport has been advised that the majority of works have been completed on the Foreshore Park ablution block. As the original grant agreement was accepted in August 2009 any invoices used in the acquittal must be after this date.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS: As note in the body of this report.

### STRATEGIC IMPLICATIONS:

Forward Plan 2008/09 Program 13 Economic Services and Tourism 13.B states:

"Implement approved capital works items for caravan parks"

Forward Plan 2008/09 2012/13 Program 11 Recreation and Culture 11.3(B).A "Complete entrance statement to Foreshore Park"

### **RECOMMENDATION:**

That Council accepts the funding offer of \$8,250 from the Department of Transport being \$1,500 for the installation of two water fountains and \$6,750 towards the construction of outdoor showers at the Foreshore Park ablution block.

Dear Mr Collie

# 2009 – 2010 REGIONAL BICYCLE NETWORK LOCAL GOVERNMENT GRANTS FUNDING

I am writing to inform you that some of the recent offers in the 2009-2010 Regional Bicycle Network Local Government Grants program were declined. This has resulted in further funding being made available. Consequently a third round of grant assessments and recommendations were completed.

The Shire of Nannup has been awarded grant funding for:

- Two water fountains at Foreshore Park, Brockman Street Playground, Nannup - \$1,500
- Two ablution showers at Foreshore Pak, Brockman Street, Nannup \$6,750

To accept this grant please sign and return the attached Grant Agreement Form to us by Monday, 25 January 2010 addressed to:

Mr Russell Greig A/Manager Bikewest Department of Transport GPO C102 Perth WA 6839

Should you have any queries regarding your grant please contact Auriole D'Souza on 9216 8540.

Each local authority is required to seek approval from the Department of Transport for all press releases and public announcements relating to the award and the use of the grant.

Yours sincérely

Hi Louise

I will send your email to my Manager, and I feel this date of 28 January 2010 is OK.

I will send the originals marked to your attention.

Cheers Auriole

Thanks Auriole,

As I mentioned on the phone because the grant offer is over \$5000 it has to be accepted by Council at their next meeting which will be held on Thursday 28th January 2010 so I can get back to you by Friday 29th January if that is OK.

On the grant offer it stipulates that we must advise by the 25th January. We will not be able to make this deadline as the offer must be presented to Council. regards

SUBJECT: Nannup Bike Rack Project

LOCATION/ADDRESS: NAME OF APPLICANT: FILE REFERENCE: FNC 6T

AUTHOR: Louise Stokes - Community Development Officer

**DISCLOSURE OF INTEREST:** 

DATE OF REPORT: 20 January 2010

Attachment:

Bike rack design, Russell Fuller-Hill

### **BACKGROUND:**

To date Council has accepted funding of \$28,890 towards the construction of four creative bike racks to be located within the streetscape of Nannup. Three bike racks are now under construction and funding applications to source the balance of funds required for the 4th bike rack have been lodged, however have not been successful.

This request is for Council to approve unbudgeted funding to cover the shortfall of the artist fees of \$5,128 for the 4th bike rack by artist Russell Fuller-Hill so that the project can be completed.

The idea of creative bike racks installed within the townsite was initiated by Mr Charley Cannon and assists to promote Nannup as a cycle friendly town. The installation of bike racks throughout the townsite assists to encourage visitors and residents to become more active and cycle instead of driving cars. A positive partnership is being developed with the Munda Biddi Foundation and the installation of functional creative bike racks is a promotional tool for Nannup.

This project is also complementary to the Council resolution (Agenda Item 10.8 May 2009),

"that Council accept the designs for public artwork bike racks:

- Spider (Attachment A) by artist Irene Osborne
- · Leaves (Attachment B) by artist Irene Osborne
- Park bench (Attachment D) by artist Russell Fuller-Hill

for construction once full funding has been sought and approved by Council."

### COMMENT:

Council has accepted the design of the bike rack by Russell Fuller-Hill. The bike rack design includes more timber and wrought iron work than depicted. This

shortfall also includes an allocation of \$2,000 for installation of the bike racks and \$1,000 for contingencies in transport.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS: Unbudgeted expenditure \$5,128.

### STRATEGIC IMPLICATIONS:

Forward Plan 2008/09 2012/13 Program 11 Recreation & Culture 11.A states:

"Develop concept plans for artistic bike racks as tourist features and pursue funding for implementation."

This project was also well supported at the 2009 Community Planning Day.

### **RECOMMENDATION:**

That Council incur unbudgeted expenditure of \$5,128 towards Artist Fees for the Russell Fuller-Hill bike rack to complete this project.

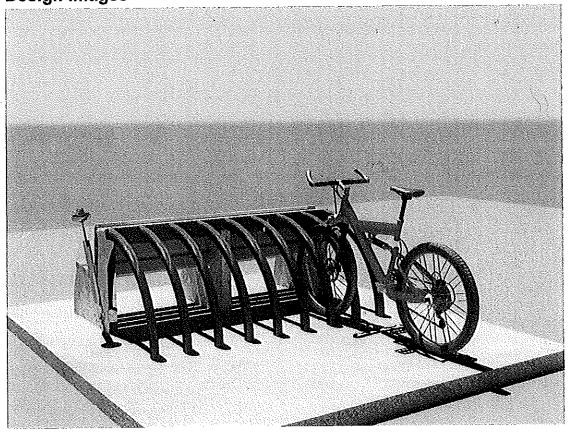

### **VOTING REQUIREMENTS:**

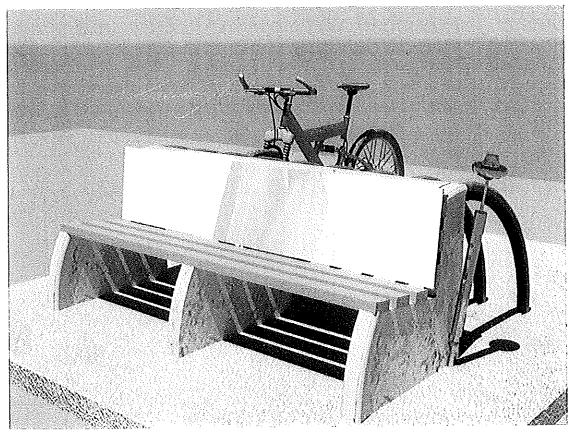

Absolute Majority Vote required (5) for unbudgeted expenditure.
