10. REPORTS OF OFFICERS

AGENDA NUMBER: 10.1
SUBJECT: Road Naming, Kidd Rd & Chinnery Rd
LOCATION/ADDRESS: Lot 524 on DP71064
NAME OF APPLICANT: Landgate
FILE REFERENCE: WRK 30
AUTHOR: Reharni Puckey – Development Services Officer
REPORTING OFFICER: Robert Jennings – Chief Executive Officer
DISCLOSURE OF INTEREST: Nil.
DATE OF REPORT: 10 November 2011

Attachments: 1. Map overview of area
2. Deposited Plan 71064
3. Deposited Plan 71064 (Enlargement - view of Kidd Road)

BACKGROUND:

At the September 2011 Council Meeting the following recommendation was adopted for the Road naming of two un-named road sections off the Mowen Road:

That Council agree to the road currently unnamed, and marked as B on page four (4) of the attachment being named "Chinnery Road", and the road marked as A on page four (4) of the attachment being named "Turner Road".

This was part of the process to finalise a request that The Department of Regional Development and Lands initiated. The department issued survey instructions to Nannup Surveys and a request has been received from them to provide road names for two roads near the old Quigup Townsite (see Attachment page 2).

COMMENT:

Since this decision was adopted and a request submitted to Landgate to finalise the road naming, Landgate have since responded in saying that although "Chinnery Road" is acceptable, the road name "Turner Road" is a name with too many letters for the small road (refer attachment 1, road A.). Landgate have suggested that a smaller 3-4 letter name is more suitable for a road of this size

It is suggested that the road marked A on attachment page 1 be re-named as "Kidd Road" and the road marked B on page 1 be kept as the previously adopted name "Chinnery Road" and be re-submitted to Landgate's Geographic Names Committee to finalise the road naming.

The name "Kidd" is a suitable length name and has not been used in the Shire. Ivy Kidd was a young Nannup girl that was nine years old when she died in a tragic accident in 1914 and was one of the first interments in the Nannup cemetery.

STATUTORY ENVIRONMENT:

Land Administration Act 1997

26A. Names of roads and areas in new subdivisions

1. *If a person delivers a diagram or plan of survey of a subdivision of land approved by the Planning Commission to a local government, and the proposed subdivision includes the provision of a road for use by the public, that person must also deliver to the local government the name proposed to be given to the road.*
2. *The local government may require the person so subdividing the land —*
 - (a) *to propose a name for the proposed road or, if a name has already been proposed, to alter that name; and*
 - (b) *to propose a name for the area the subject of the proposed subdivision, or if a name has already been proposed, to alter that name.*
3. *If the local government approves a name proposed under subsection (1) or (2), the local government is to forward the proposal to the Minister.*
4. *The Minister may —*
 - (a) *approve the proposed name;*
 - (b) *direct the local government to reconsider the proposed name, having regard to such matters as the Minister may mention in the direction; or*
 - (c) *refuse to approve the proposed name.*
5. *A person must not —*
 - (a) *assign a name to the area or road unless the name is first approved by the Minister;*
 - (b) *alter or change a name that has been so assigned, whether initially or from time to time, to the area or road unless the Minister first approves of the alteration or change of that name.*

Penalty: \$1 000 and a daily penalty of \$100.

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS: Nil.

STRATEGIC IMPLICATIONS: Nil.

VOTING REQUIREMENTS: Absolute majority.

PROCESS:

In terms of process a rescission motion is governed by the following statutory parameters (Local Government Administration Regulations 1996):

10 (1) If a decision has been made at a Council meeting then any motion to revoke or change the decision must be supported by at least 1/3 of the number of offices of members of Council. (In Nannup's case this means that there must be 3 members of Council indicate support for the proposed rescission motion before it is considered by the meeting).

10 (2) If a decision has been made at a Council meeting then any motion to revoke or change the first mentioned decision must be made by an absolute majority. (For Nannup this is 5).

The new motion can then be put for consideration by Councillors, and then for voting by a simple majority of Council. Additionally a decision is considered to have had effect from the time it was made unless otherwise stated.

RECOMMENDATION:

1. That Council agree to revoke the Previous motion of Council recorded at minute no 8695
2. That Council agree to the road currently unnamed, and marked as A on page one (1) of the attachment being named "Kidd Road", and the road marked as B on page one (1) of the attachment being named "Chinnery Road".

REVOKE MOTION:

Councillors Gilbert, Steer and Mellema supported a motion to revoke the following motion.

8704 DUNNET/MELLEMA

1. That Council agree to revoke the Previous motion of Council recorded at minute no 8695:

That Council agree to the road currently unnamed, and marked as B on page four (4) of the attachment being named "Chinnery Road", and the road marked as A on page four (4) of the attachment being named "Turner Road".

AGENDA NUMBER: 10.2
SUBJECT: Development Assessment Panels - Nomination of one member
LOCATION/ADDRESS: N/A
NAME OF APPLICANT: Shire of Nannup
FILE REFERENCE: ADM 27
AUTHOR: Reharni Puckey – Development Services Officer
REPORTING OFFICER: Robert Jennings – Chief Executive Officer
DISCLOSURE OF INTEREST: Nil.
DATE OF REPORT: 7 November 2011

BACKGROUND:

At the May 2011 Council meeting four Councillors were elected to sit on the local Development Assessment Panel (DAP). These Councillors were:

Cr Barbara Dunnet

Cr Stephanie Camarri (Deputy)

Cr Tony Dean

Cr Robin Mellema (Deputy)

COMMENT:

Since the nominations of these four Councillors in May, Cr Robin Mellema has withdrawn his position on the local DAP, and a new deputy member will need to be nominated.

The Shire of Nannup, under DAP regulation 26 is required to nominate four elected members of the Council, comprising two local members and two alternate local members to sit on our local DAP as required. Local representation is crucial to DAPs.

Appointed local members will be placed on a local government member register and will be informed of any DAP training dates. It is compulsory that all DAP members attend the training before they are allowed to sit on a DAP. Local DAP members may be entitled for expenses to be covered in their attendance at training and meetings.

Cr Tony Dean Cr Norm Steer (Deputy)

CARRIED 7/0

Crs Gilbert and Dean declared an interest effecting impartiality in the following item.

AGENDA NUMBER: 10.3
SUBJECT: Recreation Centre Resolution
LOCATION/ADDRESS: -
NAME OF APPLICANT: -
FILE REFERENCE: Rec 2a
AUTHOR: Robert Jennings – Chief Executive Officer
DISCLOSURE OF INTEREST: Nil
DATE OF REPORT: 15 November 2011

Attachments: 1. Recreation Centre Precinct Drawings - Option 1
2. Recreation Centre Precinct Drawings - Option 2

BACKGROUND

The Recreation Centre Precinct project has now been underway for some years and has been identified as the highest priority project for the Shire of Nannup in the Forward Plan 2010/11-2014/15 and a number of other strategic documents.

Two options for the direction of the master planning have been the focus of Council attention. Option 1 (amended) involves the separation of the Clubrooms from the Recreation Precinct, the construction of the Clubrooms and the bowling rinks as a first stage and the upgrade of the recreation centre as a second stage. Option 2 involves the upgrade of the Recreation Centre and with integrated Clubrooms as a first stage.

At the Ordinary Meeting of Council on 24 March 2011, Council resolved that:

8585 DEAN/BOULTER

1. That Council endorse the action of the Acting CEO in authorising the Architects to proceed at a cost of \$6,900 for further plans in line with the outcome of the workshop with the Councillors on March 1, 2011 and the cost of the Quantity Surveyor at a cost \$2,700 be noted.
2. That Council adopt in principle the Masterplan for the Recreation Precinct incorporating Option 1 plans and costing as presented to this Council.
3. That this Council endorse the new Sports Club and Bowling Rink as stage 1 of this project with the existing Recreation Centre as phase 2. The CEO to proceed as soon as possible to explore all funding sources.
4. That subject to point 3, the CEO prepare for Council's consideration a project plan including indicative time lines for the first phase of the Recreation Precinct Masterplan which includes the new sports club and bowling rink.

5. *That the CEO urgently seek approval of the South West Development Corporation to extend the time to expend the balance (\$18,550) of the original grant for the preparation of plans for the Recreation Precinct*

In a subsequent Ordinary Meeting of Council on 27 October 2011, a report was put to Council, seeking approval of an application for funding to the Community Sporting and Recreation Facilities Fund (CSRFF) for the project based on Option 1 above. At the meeting, Council resolved:

8699 CAMARRI/DUNNET

That Council submit a proposal for option 2 for \$200,000+ as a more cost effective proposal to the CSRFF.

This resolution in favour of Option 2 is in contrast to the previous 24 March 2011 resolution of Council for Option 1.

COMMENT

This redirection of the project has occurred largely as a result of a change in Councillors from recent elections and other events.

Officers need clarity on the direction of the project, so that architectural briefs, funding submissions, consultation with the community and general progress on the project can be consistent and efficient.

Council should resolve the overall direction of the project to provide clarity to officers. A recommendation by officers similar to that of 24 March 2011 to select Option 2 (as amended to suit the budget and funding available) is again presented to Councillors for their consideration.

STATUTORY ENVIRONMENT: Nil.

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS:

The selection of Option 1 or 2 could have an effect on the project, as demonstrated in the report given to the Council in April 2011 and in other Councillor workshop presentations.

STRATEGIC IMPLICATIONS:

The item generally relates to the Shire of Nannup Forward Plan 2011/12-2015/16 Program 11.A - Recreation and Culture. That Council undertake upgrade to the Recreation and Community Centre per adopted plans and funding available.

VOTING REQUIREMENTS:

Simple Majority and Absolute Majority using the process outlined below.

PROCESS

Selection of either Option by Council will require the rescission of a previous resolution using the following procedure following statutory parameters (Local Government Administration Regulations 1996):

10 (1) If a decision has been made at a Council meeting then any motion to revoke or change the decision must be supported by at least 1/3 of the number of offices of members of Council. (In Nannup's case this means that there must be 3 members of Council indicate support for the proposed rescission motion before it is considered by the meeting).

10 (2) If a decision has been made at a Council meeting then any motion to revoke or change the first mentioned decision must be made by an absolute majority. (For Nannup this is 5).

The new motion can then be put for consideration by Councillors, and then for voting by a simple majority of Council. Additionally a decision is considered to have had effect from the time it was made unless otherwise stated.

RECOMMENDATION:

That Council adopt in principle the Masterplan for the Recreation Precinct incorporating Option 2 plans and costing to conform with the available budget.

REVOKE MOTION:

Councillors B Dunnet, N Steer and B Longmore supported a motion to revoke the following:

8707 DUNNET/LONGMORE

That Council agree to revoke the previous motions of Council recorded at minute numbers 8585;

- 1. That Council endorse the action of the Acting CEO in authorising the Architects to proceed at a cost of \$6,900 for further plans in line with the outcome of the workshop with the Councillors on March 1, 2011 and the cost of the Quantity Surveyor at a cost \$2,700 be noted.*
- 2. That Council adopt in principle the Masterplan for the Recreation Precinct incorporating Option 1 plans and costing as presented to this Council.*

3. *That this Council endorse the new Sports Club and Bowling Rink as stage 1 of this project with the existing Recreation Centre as phase 2. The CEO to proceed as soon as possible to explore all funding sources.*
4. *That subject to point 3, the CEO prepare for Council's consideration a project plan including indicative time lines for the first phase of the Recreation Precinct Masterplan which includes the new sports club and bowling rink.*
5. *That the CEO urgently seek approval of the South West Development Corporation to extend the time to expend the balance (\$18,550) of the original grant for the preparation of plans for the Recreation Precinct*

**CARRIED 6/1
BY ABSOLUTE MAJORITY**

Voting for the motion: Dean, Mellema, Camarri, Dunnet, Longmore and Steer.
Voting against the motion: Gilbert.

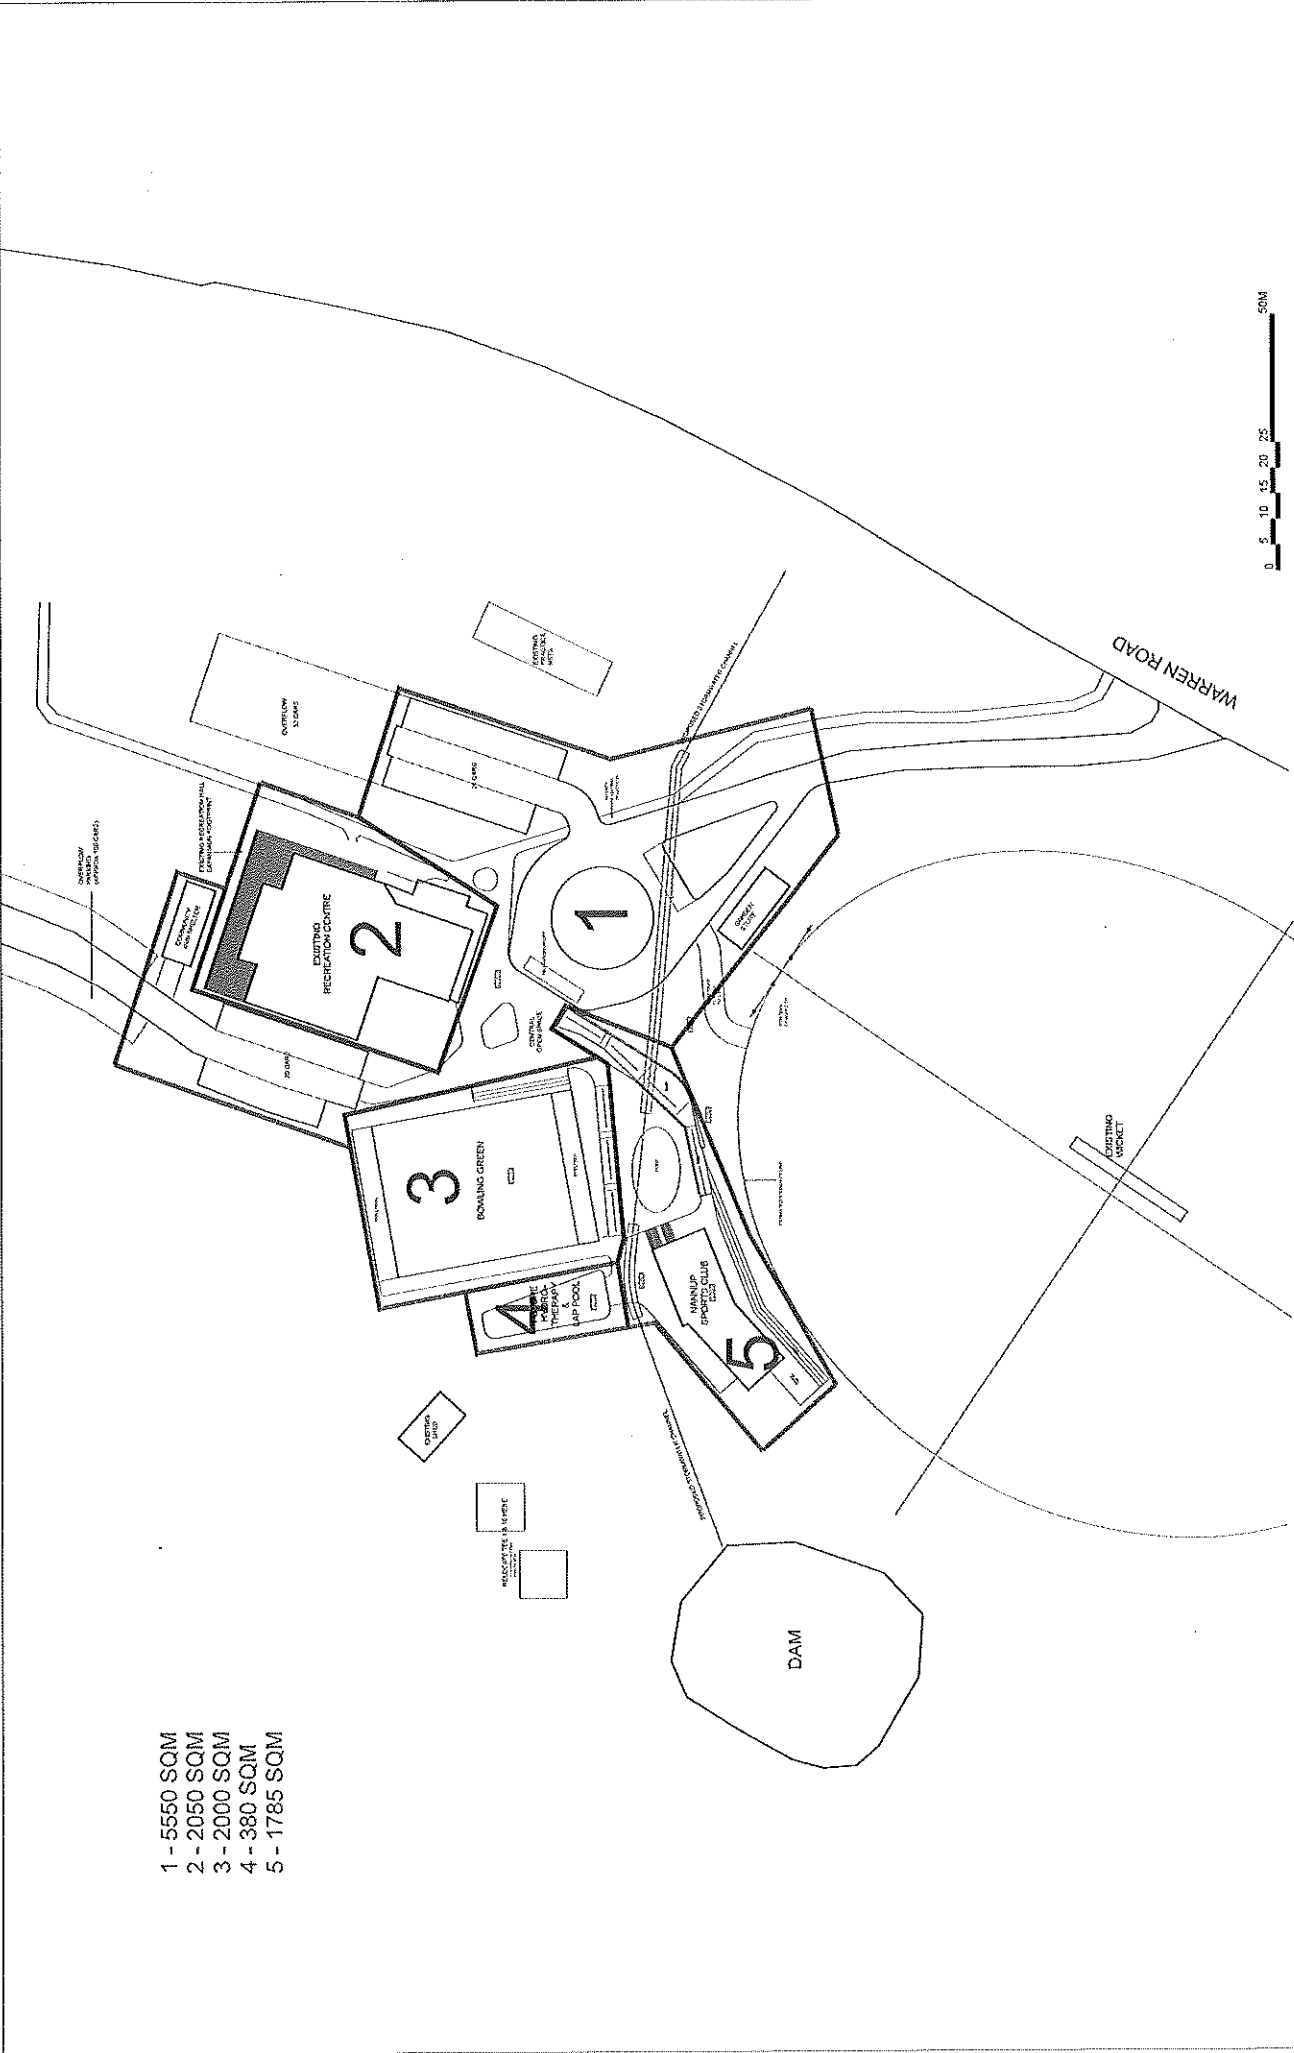

8708 DEAN/GILBERT

That Council adopt a cost effective integrated facility design for the Recreation Centre Precinct to suit the budget of around \$1.4M by means of a user group consultation process to obtain their approval in principal. The user group is to include all current and future clubs and users who wish to participate in the concept design process.

CARRIED 6/1

Voting for the motion: Dean, Mellema, Dunnet, Gilbert, Longmore and Steer.
Voting against the motion: Camarri.

Reason for change: Change to incorporate the available budget for the project and to include users in the design.

DATE OF REPORT: 14th November 2011

Attachment: 1. Amended Rate Setting Statement
2. Amended Note 6 – Reserves Funds
3. Amended Note 7 – Net Current Assets
4. Amended Note 8 – Rating Information

BACKGROUND:

Council adopted the 2011/12 Budget at the Ordinary Meeting held on the 31st August 2011.

In accordance with the requirements of the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996* a copy of the adopted budget was submitted to the Department of Local Government.

COMMENT:

The Department of Local Government (DLG) reviewed the Budget and sought clarification of some of the notes forming part of the budget. These notes were reviewed and where necessary amended and a copy of the amended notes returned to the department.

The DLG have requested that instead of waiting for a budget review (proposed for January 2012) to incorporate the amended notes into the Budget, that Council formally adopt the changes earlier.

The notes to the Budget that have been amended have no material effect on Council's adopted balanced accrued budget and are submitted for adoption to ensure that they are not overlooked during the in-depth Budget Review process in January 2012.

All land except exempt land in the Shire of Nannup is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2011/12 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

AGENDA NUMBER: 10.5
SUBJECT: Budget Position 2010/11 and Allocation of Surplus c/f 30 June 2011
LOCATION/ADDRESS: Nannup
NAME OF APPLICANT: N/A
FILE REFERENCE: FNC 9
AUTHOR: Vic Smith – Manager Corporate Services
DISCLOSURE OF INTEREST: Nil
DATE OF REPORT: 14 November 2011

Attachment: Budgeted schemes not started in 2010/11

BACKGROUND:

At the time Council adopted the 2011/12 Budget the final carried forward position had not been calculated. This carried forward position should have been estimated to a sufficient degree of accuracy at the time of 2011/12 Budget deliberations, so that Council could have made an informed decision.

Further to the notification by the CEO to Councillors regarding a surplus position, the CEO directed officers and a consultant to work quickly to determine the final (subject to audit) cash position of Council as at the 30 June 2011. During this investigation, a Royalties for Regions income adjustment was also identified.

Although the Council's auditors have completed the audit, at the time of this report being written, details of the adjustments required to confirm the final carried forward position have not been completed.

COMMENT:

The surplus figure to be inserted into the 2011/12 Budget is \$253,518. This is a combination of two items; the first item relates to a surplus cash position and the second to the timing of Royalties for Regions income.

Surplus Cash Position

The cash position is determined by establishing the Net Asset position and then adjusting that figure by known commitments (Restricted Assets) and any funds held for specific purposes that will need to be carried forward into the 2011/12 budget.

The Net Asset position of Council has been calculated as a surplus of \$1,254,067 with this figure being reduced by the value of restricted assets (grant funding) that applies to specific projects (\$363,549), the value of money paid to Council for the processing of Town Planning Scheme amendments (\$19,115) and an adjustment for monies received in 2010/11 that relate to 2011/12 (\$268,478). The adjusted cash position as at 30 June 2011 is a surplus of \$589,518. This is shown in the table below.

Item	\$
Opening cash position	1,254,066
Less:	
Grant funding for specific projects	-367,955
Town Planning scheme amendments	-19,155
Grant income prepaid	-268,478
Closing cash position	589,518

This net surplus figure of \$589,518 includes a number of items, totalling \$133,550 that were budgeted for in 2010/11 but were not started. Normally these items would be carried forward into the 2011/12 budget. However, in the current financial climate it would be prudent to review these items as part of the budget review in February 2012. A detailed list and comment is shown in Attachment 1.

Royalties for Regions Income

In the process of identifying the surplus cash position further consideration has been given to the receipt of Royalties for Regions income. The Royalties for Regions funding of \$336,000 included in the 2011/12 budget is more likely to be received in 2012/13, based on past experience, giving rise to a potential deficit. It would be prudent to wait until the timing of this payment is more certain before allocating the entire 2010/11 surplus.

After taking account of the Royalties for Regions income the surplus available for allocation is \$253,518.

Council Priorities

The Councillor workshop held on the 10 November 2011 reviewed the revised (unaudited) net surplus position and the various options for allocating the final surplus once confirmed by the Auditors. The following two immediate priorities were identified.

1. Purchase of Water Truck – the estimated cost of \$120,000 for a water truck for use on road construction works was deleted from the 2011/12 budget as part of the cuts to achieve a balanced budget. The purchase of the water truck is considered a priority as the cost will be fully recouped from the Mowen Road contract over the balance of the construction contract. The advantage to Council is that the water truck will also be available for future road construction works at no additional capital cost apart from the eventual replacement which will be incorporated into Council's Plant Replacement Schedule.
2. Council also has a number of plans required to be prepared under other statutes (Disability Services Access Plan, Cultural Plan etc) that have identified areas that need funds to implement the findings. Although the full cost impact of these adopted plans will not become clear until the Asset Management Plan has been completed, it would be prudent to set aside a

provisional sum to ensure compliance where a problem/issue has been identified requiring urgent rectification. It is suggested that a provisional sum of \$40,000 be set aside.

Summary

Officers recommend that a formal review of the budget be carried out in February 2012. This recommendation will enable the results of the Asset Management planning process, the Long Term Financial Plan, the completed audit for the 2010/11 budget and progress through the 2011/12 budget to be considered.

STATUTORY ENVIRONMENT:

Local Government (Financial Management) Regulation 5 (1) (f)

POLICY IMPLICATIONS: Nil.

FINANCIAL IMPLICATIONS:

Potential funds available to offset any funding gap highlighted as a result of the preparation of Council's Asset Management Plan (AMP) or other priorities in the February 2012 Budget review.

STRATEGIC IMPLICATIONS:

The completion of Council's Asset Management Plan is expected to highlight a shortfall in funding to maintain Council's existing infrastructure let alone any provision of new infrastructure. The anticipated cash surplus (to be confirmed by Council's auditors) may assist with meeting this potential shortfall as part of a longer term strategy to bridge any funding gap identified by the AMP.

VOTING REQUIREMENT: Absolute Majority.

RECOMMENDATION:

That Council by Absolute Majority incorporate into the 2011/12 Budget the following items:

1. \$120,000 for the purchase of a Water Truck;
2. \$40,000 for the provisional allowance to comply with any actions required under adopted plans (Disabilities Access Plan etc); and

a detailed review of the 2011/12 Budget be carried out in February 2012 for consideration by Council.

8709 GILBERT/DEAN

That Council by Absolute Majority incorporate into the 2011/12 Budget the following items:

1. \$120,000 for the purchase of a Water Truck;
2. \$40,000 for the provisional allowance to comply with any actions required under adopted plans (Disabilities Access Plan etc); and

a detailed review of the 2011/12 Budget be carried out in February 2012 for consideration by Council.

Voting against the motion: Camarri.

Budgeted items not started at the end of the 2010/11 year

1. Admin Computer Upgrade \$20,000 - purchase of software for the planning and health areas.

The upgrade to Councils computer software was designed to bring the property records up to date with all relevant planning data being computerised including the conditions of approval for each planning application approved, subdivisional and rezoning data and zonings for all properties within the district. The outcomes of integrating the planning & health modules into the existing SynergySoft computer software suite will enable Council staff to access data more efficiently and provide the public and Council with accurate and up to date data. The planning and health systems will also be fully integrated with the existing building, cash receipting and trust modules.

2. Town Planning Services \$18,000 – Review Municipal Inventory

The review of the Municipal Inventory is well overdue and will need to be undertaken as a priority of Council. The first part of the review process was the adoption by Council of the Local Planning Policy – Heritage Conservation at the 22 September 2011 Ordinary Meeting.

There are numerous errors currently within the existing Municipal Inventory that need correcting, new items recorded and possibly some entries to be deleted. Council has a statutory obligation to review the Municipal Inventory.

3. Town Planning Services \$20,000 – New Development Guidelines

Planning Services intended to undertake a review of the existing development guidelines as part of the review of the Local Planning Scheme and Local Planning Strategies process. This was not undertaken due the 2010/11 year as originally planned, however this will be necessary when the other reviews are undertaken although it may be the last item to undergo the review process.

4. Town Planning Services \$75,550 – Road Development Costs (originally budgeted \$90,000)

Council initially commenced the process of dedicating Agg Road (South) in 2008. Although the dedication process has not progressed to completion, the closure of the Dudinyillup Bridge diverted attention away from Agg Road South to the need to provide access to properties previously serviced by the bridge. Subsequent funding from State Government allowed the construction of a portion of Agg Road North to alleviate access to landowners.

Council negotiated with the affected landowners to cede land for the proposed Agg Road North alignment some of whom sought an exchange of land with one landowner seeking financial compensation. The funding for the construction of the road was insufficient to meet the compensation required to obtain the land from this landowner.

Council budgeted \$90,000 in the 2010/11 budget to meet the costs associated with finalising both the Agg Road South & North dedications including the funds required for the compensation payment and the survey costs for Agg Road North (50% of survey costs) and Agg Road South (100% of the survey costs).

Cr Camarri left the meeting at 17.30.

SHIRE OF NANNUP

STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD 1 JULY 2010 TO 30 JUNE 2011

REPORT ON MATERIAL VARIANCES BETWEEN YEAR TO DATE BUDGET ESTIMATE AND YEAR TO DATE ACTUAL.

All except seven of the variances shown in the above named statement of financial activity are outside of the adopted variance of 10%.

The main reason for the variances is that expenditure and income is not occurring as predicted by Officers during the budget development stage. This is due to a number of reasons, the main one being not accurately projecting cash flows throughout the year, i.e. predicting when the budgeted income or expenditure will occur as opposed to when it actually occurs. Other reasons are not receiving a grant for grant dependant expenditure, projects controlled by Advisory Committees, suppliers/contractors not having the capacity to undertake the works within Council's timeframes, altered Council priorities, etc.

The following provides the major reasons for the programs that have variances outside of the adopted variance:

REVENUE:

General Purpose Funding: Royalties for Regions (-\$1,210,700) not received as planned, Advance payment for the Local Roads & Equalisation Grants (\$268,500) and Interest on Investments (\$82,600) more than planned and the value for the Surplus Carried Forward (\$1,579,570) is not included in the YTD Actual balances.

Law, Order & Public Safety: Grant for the Darradup Fire Alert system not allowed for in Council's Budget (\$95,000), Fines & Penalties more than budgeted (\$3,050), FESA Operating Grants higher than budgeted due to an additional payment received for over expenditures last financial year (\$36,000).

Health: Increased revenue from licence fees than budgeted (\$1,900).

Community Amenities: Mobile Bin charges were down (-\$1,600), Tip fees (\$6,800), Septic Tank fees (\$1,400), Cemetery Fees under (-\$500) and miscellaneous fees and charges (\$9,500) received more than budgeted.

Recreation and Culture: Transfer from Reserve Fund (\$22,900), Grant funding is down by \$84,800 however income from hire charges is up by \$8,200 and Users charges & fees are up as well (\$14,700).

Transport: Income for Bridgeworks is under (-\$31,000), Jalbarragup Bridge (-\$4,300,000) not received as allowed for in budget, however this is partially offset by income for Supervision fees (\$701,800).

Economic Services: Unbudgeted Feral Pig Program Grant funding received (\$97,800), Building Fees (\$6,200) and less income from sale of materials (-\$2,900).

Other Property and Services: Income from Private Works is \$54,600 more than estimated.

EXPENDITURE

General Purpose Funding: Royalties for Regions \$1,227,400 not expended as planned as funding not received as expected, Rating Valuations (-\$2,000) and Department of Transport, licensing expenses (-\$4,900).less than budgeted.

Law, Order and Public Safety: Fire Control Officer's Expenses (\$21,400 - incurred for additional hours for coordinating brigade attendance at DEC wildfires \$5,400 and additional hours required to complete all the firebreak inspections \$6,000, plus Emergency Management \$4800 and Emergency Response costs for wildfires of \$5,800) & Darradup Home Alarm Trial expenses (\$95,000) not as budgeted.

Health: Salaries greater than estimated due to termination of contract payment and additional relief costs (\$22,800)

Community Amenities: Expenditure not occurring as predicted in budgeting process in the areas of Nannup Community Resource Centre Self Supporting Loan Interest Repayments (\$2,700), Contractors Collection Fees (-\$20,300), Rubbish site maintenance (-\$44,500), Street Bin Pickups (\$5,500), Town Planning Services (salaries, admin expenses, superannuation etc -\$129,900), Local Planning Scheme amendments (-\$19,200), Cemetery operations (-\$15,400), Public Conveniences (\$17,900), Warren Blackwood Economic Alliance (-\$4,000) and Road Development Costs (-\$75,500).

Economic Services: Feral Pig Program (\$91,900), Caravan & Camping Grounds (-\$16,700) and Building Services (-\$13,600) not as budgeted.

Other Property and services: Recovery of expenses via Public Works Overheads and Plant Operating Costs not occurring as budgeted.

OTHER ITEMS

Purchase Land and Buildings: Expenditure not occurring as predicted in budgeting process for the Scott River Fire Shed (\$44,000), sundry Fire Brigade Equipment (-\$20,982), Kindergarten (-\$91,800) and Nannup Town Hall (\$10,000).

Purchase Infrastructure Assets Roads: Expenditure not occurring as predicted in budgeting process in the areas of Council Road Program (\$17,100), Mowen Road (-\$210,500), MRWA bridge program (-\$93,000) and Jalbarragup Bridge replacement programme (-\$4,286,400).

Purchase Plant and Equipment: Purchase not undertaken as budgeted (-\$37,700).

STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD 1 JULY 2011 TO 30 SEPTEMBER 2011
REPORT ON MATERIAL VARIANCES BETWEEN YEAR TO DATE
BUDGET ESTIMATE AND YEAR TO DATE ACTUAL.

Most Schedules shown have variances shown in the above named statement of financial activity are outside of the adopted variance of 10%.

The main reason for the variances is that we are only in the first quarter of operations since the budget was adopted by Council. Therefore the expenditure and income is not occurring as predicted by Officers during the budget development stage. This is due to a number of reasons, the main one being not accurately projecting cashflows throughout the year, i.e. predicting when the budgeted income or expenditure will occur as opposed to when it actually occurs. Other reasons are not receiving a grant for grant dependant expenditure, projects controlled by Advisory Committees, suppliers/contractors not having the capacity to undertake the works within Council's timeframes, altered Council priorities, etc.

The attached table highlights the variances within the different schedules taking into account all of the above.

That Council contact the appropriate authority to clean up each side of the main traffic bridge over the Blackwood River at the northern entrance to town by removing fallen trees and repair walkways that are currently closed.

COMMENT

Council will be aware that the river walk trail maintenance is an ongoing issue as the land is under The Department of Water control. In the past council has carried out maintenance of these tracks and the small walk bridge but this has become a costly exercise as depending on river flows they may require repairing several times a year.

With the erosion in some sections of the river banks now impeding the walk trials, some areas now require major earthworks. This is a contentious issue considering that the land is not under Council control. The Department of Water have not carried out any maintenance along the river foreshore in recent times and may require more action than just correspondence to the department, perhaps contacting the relevant government minister may be appropriate.

The traffic bridge is the responsibility of Main Roads Western Australia, who are usually open to any bridge issues that are raised with them, depending on where their authority or responsibility stops.
