Subject: Rezoning of Lot 2008;discussion re Lot 11533

Hi Jane,

Thanks for your time today.It was a good meeting.

As discussed I confirm that I do not have a problem with the re-zoning of Lot 2008 (as proposed) now that you have confirmed that the approved uses under the present zoning will not automatically carry over to the new zoning.

Also thanks for listening to my ideas regarding our property on Lot 11533.
I will have a think about what we might want to do and get back to by email in due course.

Thirdly could you send me a copy of the flood level plan as far as it affects the Nannup townsite and surrounds.

Many thanks

Geoff Musto

Thank you for the opportunity to comment on the proposed rezoning of Lot 2008 Nursery Road, Nannup from "Special Use (SU2)" to "Agriculture".

The Department of Agriculture and Food (DAFWA) does not object to the rezoning of the abovementioned lot from "Special Use (SU2)" to "Agriculture".

I trust these comments will inform your decision on this matter. If you have queries regarding the comments, please contact Leon van Wyk at (08) 9780 6171 or leon.vanwyk@agric.wa.gov.au

REZONING OF LOT 2008 NURSERY ROAD, NANNUP**

Thank you for seeking advice from the Department of Fire & Emergency Services (DFES) on the above development.

The proposal has been assessed by DFES against WAPC SPP 3.4 Natural Hazards and Disasters. As such, DFES raises no objection to the proposed Subdivision providing all future development is in accordance with the 'Planning for Bush Fire Protection Guidelines' Edition 2 May 2010'.

Should you require further information please contact the DFES Regional office on 9780 1900.

RE: Scheme Amendment No. 17 – Shire of Nannup Local Planning Scheme No. 3 – Rezoning of Lot 2008 Nursery Road, Nannup

Thank you for referring Scheme Amendment No. 17 to the Department of Water (DoW) for comment.

It is understood that the amendment proposes to rezone Lot 2008 Nursery Road, East Nannup from "Special Use (SU2)" to "Agriculture".

Given the "down zoning" nature of the amendment, which returns the lot to being consistent with adjoining and nearby properties, there are no apparent implications for water resource management.

Consequently DoW has no objection to the Scheme Amendment.

Please contact this office if there are any further inquiries on this matter.

SCHEME AMENDMENT 17 TO LOCAL PLANNING SCHEME 3 – REZONING LOT 2008 NURSERY ROAD NANNUP - FROM “SPECIAL USE (SU2) TO “AGRICULTURE”.

I refer to your letter of 18 December 2014 forwarding a scheme amendment for the above property for the Department of Parks and Wildlife's (Parks and Wildlife) consideration and comment.

The following comments are provided on the proposal.

The proponent has indicated that the proposed Lot 2008 rezoning is to remove the approval/application for a strata-titled chalet development and the associated restrictions.

The proponent also indicates that the proposed Lot 2008 future use is for a bed and breakfast enterprise, chalets and/or micro-brewery.

The application states that the site contains a tree plantation, grazing land and areas of native vegetation.

Lot 2008 is also adjacent to the Nannup State forest along the southern boundary and Parks and Wildlife Executive Body freehold land along the southern portion of the western boundary.

The application included a copy of the Shire of Nannup's "Local Planning Scheme 3 Schedule 4 Special Use (SU) zones". SU2 relates to the subject site.

Schedule 4 SU2 Provision 2

Provision 2 refers to a requirement for a management statement addressing issues such as rubbish, domestic animals, clearing of vegetation and bush fire management.

Given Lot 2008 is adjacent to Parks and Wildlife managed lands, contains areas of native vegetation and the proponent is considering future uses for the subject site such as a bed and breakfast enterprise, chalets and/or micro-brewery, Parks and Wildlife recommends that if the proposed Scheme Amendment is approved, a Provision is required that retains the intent of the existing Provision 2 to assist in the management of rubbish, domestic animals, clearing of vegetation and bush fire management.

Schedule 4 SU2 Provision 4

Provision 4 refers to building setbacks from boundaries and waterways.

Lot 2008 is within close proximity to Parks and Wildlife managed land, and the vegetation on the adjoining Parks and Wildlife managed land would be considered to be an extreme bushfire hazard.

Parks and Wildlife supports the requirement for buildings to be located a minimum 100m from any boundary.

Lot 2008 contains the Nannup Brook and other waterways. Parks and Wildlife supports the requirement for buildings to be located a minimum 20m from any waterway however preference would be for a 30m buffer to watercourses.

The Department of Water (DoW) is the lead agency in relation to assessing and providing comments on land use planning proposals that relate to waterways. Parks and Wildlife recommends that the proposal be referred to DoW in regard to waterway buffers.

Parks and Wildlife recommends that, if the proposed Scheme Amendment is approved, a Provision is required that retains the intent of the existing Provision 4 to ensure appropriate building setbacks to boundaries and waterways.

Schedule 4 SU2 Provision 11

Provision 11 refers to a requirement to retain vegetation north of the most northern dam site.

Given Lot 2008 contains areas of native vegetation, the Nannup Brook and other waterways, Parks and Wildlife recommends that, if the proposed Scheme Amendment is approved, a Provision is required that retains the intent of the existing Provision 11, and extends the Provision to include a requirement that no vegetation clearing can occur adjacent to waterways and a requirement for all future development to be located within existing cleared areas.

Schedule 4 SU2 Provision 12

Provision 12 refers to a requirement for vegetation screening to be planted.

Parks and Wildlife recommends that, if the proposed Scheme Amendment is approved, a Provision is required that retains the intent of the existing Provision 12 and also recommends that any vegetation screening is to consist of local endemic species.

Schedule 4 SU2 Provision 13

Provision 13 refers to a requirement for Bush Fire Management Program.

Lot 2008 is adjacent to Parks and Wildlife managed land which would be considered to be an extreme bushfire hazard. Approval of any development should not result in impositions being placed upon the management of the adjoining Parks and Wildlife lands.

Parks and Wildlife supports provision of 100 metre combined building protection and hazard separation zones between buildings and areas of extreme bushfire hazard, regardless of building construction levels.

The application refers to the development of a barn, transportable unit and dwelling, and future chalets and/or micro-brewery. Parks and Wildlife presumes the barn, transportable unit and dwelling, and any future chalets and/or a micro-brewery, will be located at least 100m any boundary.

The former Department of Environment and Conservation provided comments dated 21 November 2007 (DEC 2007) to the Shire of Nannup (Shire), on the proposed chalet development. A copy is attached for your information.

DEC 2007 referred to a Lot 2008 Fire Management Plan (FMP). The current application did not include a copy of a Lot 2008 FMP.

Parks and Wildlife recommends that, if the proposed Scheme Amendment is approved, a Provision is required that retains the intent of the existing Provision 13 and requires that a Fire Management Plan is to be prepared and implemented, in accordance with the Western Australian Planning Commission's *Guideline for Bushfire Protection Edition 2, May 2010* to the specifications of the local government, the Department of Fire and Emergency Services and in consultation with the Department of Parks and Wildlife.

Profit à Prendre

Parks and Wildlife notes that the proponent has indicated that Lot 2008 is subject to a 'Profit à Prendre' encumbrance, with the Forest Products Commission. The proponent will need to seek advice from the Forest Products Commission regarding obligations for the Profit à Prendre site.

Parks and Wildlife trusts that environmental planning issues including those not specifically referred to in this letter will be appropriately managed through the planning system.

Thank you for the opportunity to comment on this application. Please contact Tracy Teede at the Parks and Wildlife South West Region office if you have any queries regarding this advice.

Dear Leigh

NELSON LOCATION 2008 NURSERY ROAD NANNUP – APPLICATION FOR PROPOSED CHALETS

Thank you for your letter of 23 September 2007 allowing the Department of Environment and Conservation (DEC) the opportunity to comment on the proposed chalet development on Lot 2008 Nursery Road. The DEC wishes to make the following comments in relation to the Fire Management Plan (FMP).

- The Planning for Bushfire Protection states that fuels in Hazard Separation Zones be kept below 8t/ha in Jarrah/Marri forest, not 4-6t/ha as stated in the FMP; and
- The DEC requests that it be provided with a copy of the agreement between the developer and Forest Products Commission on the management of the *Eucalyptus saligna* plantation.

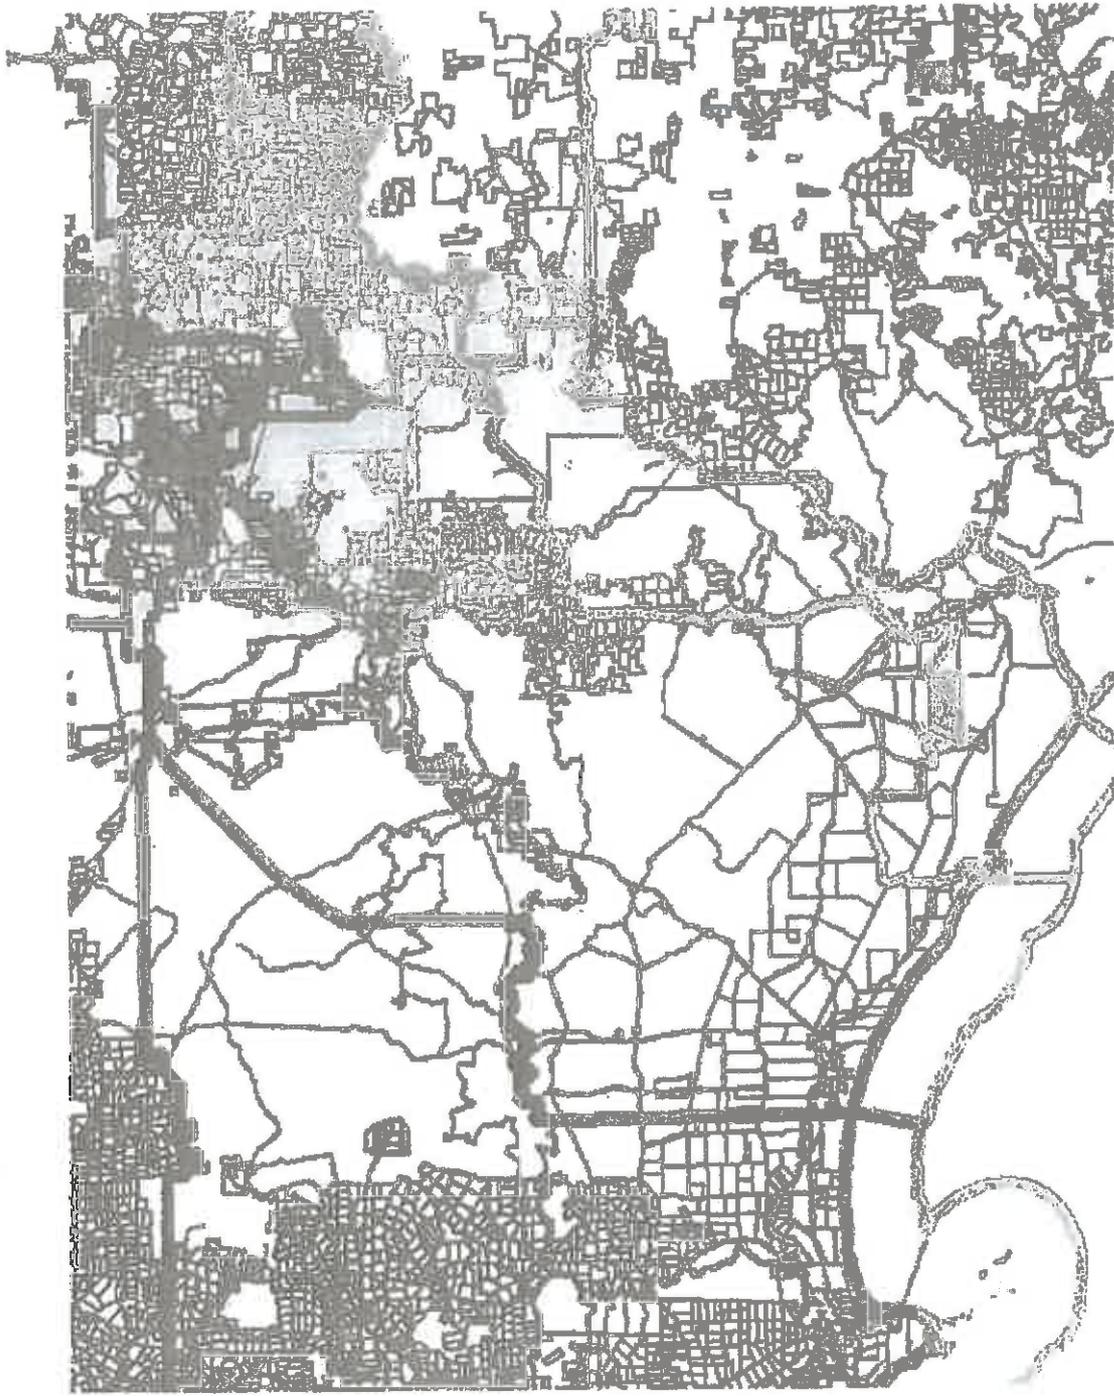

Further to discussions on DEC District boundaries, a map showing the location of this boundary has been attached to this letter.

All land-use planning matters in the southeast (east of green line) of the Shire are to be sent to:

5	Tracy Teede Department of Parks and Wildlife PO Box 1693 Bunbury WA 6231	No objection to the Amendment. Recommends that various Special Provisions be retained in the proposed zoning to address matters including:	That the submission be noted. Not support this component of the DPaW submission. The requested zoning to "Agriculture" is effectively a "down zoning" from the current "Special Use (SU2)" zoning.	No modification to the amendment is required.

	<p>Significantly, the applicant/landowner is seeking only low-key development which has less environmental and land management impacts than the development set out in the SU2 zoning (the SU2 zoning includes the potential for 20 chalets).</p> <p>The proposed Agriculture zoning is supported which simplifies the planning requirements for this property. Acceptance of the DPaW submission would require the site to remain as a Special Use Zone in order to impose the site specific provisions. Acceptance of the DPaW request would be at cross-purposes with the requested scheme amendment.</p> <p>Agree. It is suggested that environmental, land management and planning matters can be addressed at the planning (development) application and/or building permit stages such as occurs for other properties zoned Agriculture, Agriculture Priority 2 or similar. Depending on the nature, design and location of future applications, the Shire will consider the advice from DPaW and other agencies at the planning (development) application stage.</p>
	<ul style="list-style-type: none"> • management of rubbish, domestic animals and clearing of vegetation; • building setbacks to boundaries and waterways; • replanting with local endemic species; and • bushfire management. <p>The Department seeks that the planning system will appropriately address any environmental planning issues associated with this proposal and for this site.</p>

Dear Mr Jennings

ROYALTIES FOR REGIONS – SOUTH WEST COMMUNITY CHEST FUND

Thank you for your application for financial assistance through the Royalties for Regions South West Community Chest Fund.

I am very pleased to advise you that your application has been successful. Funding to assist with the Nannup Community Bus for \$20,000.00 (excluding GST) is approved, subject to you meeting the conditions and agreement process.

The South West Development Commission will provide you with a copy of a 'Grant Agreement', which details the standard terms and conditions to be met and includes your GST obligations and information on the grant payment process.

Once you have signed this Grant Agreement and provided the Commission with the appropriate information to confirm that you meet the specified funding conditions, arrangements will be made to pay Community Chest funds.

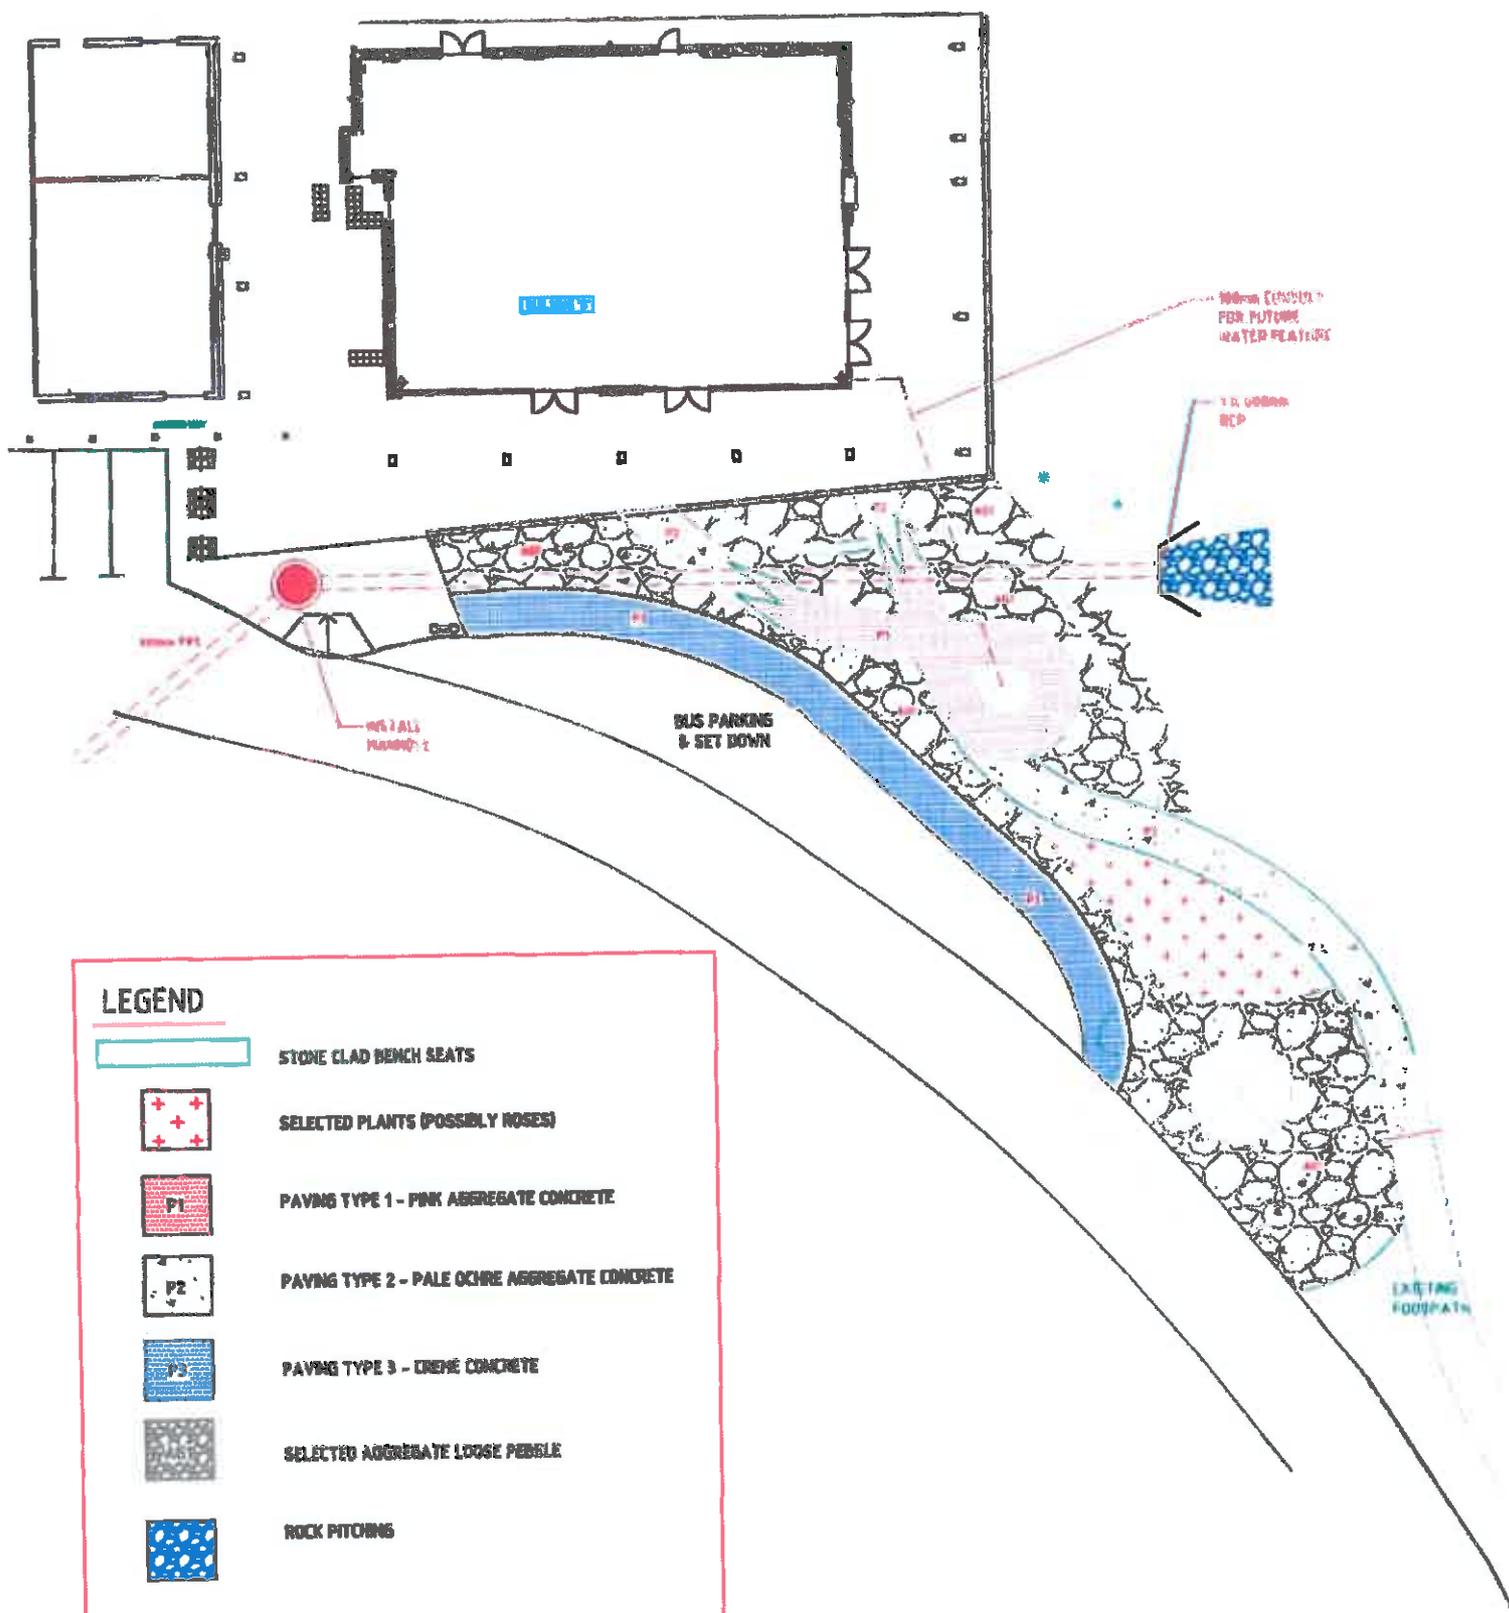

In the meantime, please contact Amanda Taylor, Grants Coordinator at the Commission on (08) 9792 2000 if you have any queries.

I wish you every success with carrying this project forward with the assistance of Royalties for Regions.

Yours sincerely

5. Questions on the Annual Report – Questions from the floor

P Fraser

5.1 Will the reported decrease in income of \$130,000 affect the budget for next year?

The Manager Corporate Services responded:

The Long Term Financial Plan has for some time predicted that the 2015/16 budget would be challenging because of the decline in income from capital grants. Our current assessment is that to keep the rate increase to 5% would require savings in excess of \$100,000.

5.2 Can the statistics on P23 be further analysed?

The Acting CEO responded:

The statistics are from the ABS and so could probably be analysed further.

6. Other Business – Questions on Notice

B Dunnet

Last financial year I paid 5 Waste Management Fees on our rates notices. 2 are for town site services where we currently receive a rubbish service and have access to the tip.

3 of the levies are for properties where we cannot contiguously rate and where we are not provided with a rubbish or tip service. A round trip of 161km to access a rubbish tip cannot be counted as a service.

Q1. If we are to pay a fee for a service, when are we going to receive the service?

The Shire President responded:

A. Charges for waste services fall into two types:

- i) Refuse collection charges – applied to any household that has a domestic refuse or recycling bin within the Nannup town site.**
- ii) Waste Management Levy – applied to the cost of refuse disposal and payable by all properties within the Shire.**

The Waste Management Levy is applied under the Waste Avoidance and Resource Recovery Act 2007 and these regulations mean that it has to be applied to all rateable properties irrespective of their status or use of the service. As such it is a levy on property and not a fee for a service.

Our levy at \$28 is considerably lower than adjoining shires (Capel is \$80 and Augusta Margaret River \$200). Council will review the application of the levy as part of its budget considerations for 2015/16.

Q2. Several of my ratepayer friends were told that they only had to pay one fee even if they had multiple titles and only did pay one fee. Are my fees to be refunded to me where I had to pay multiple fees or will

you seek to get the fees from other landowners who paid only one fee?

The Shire President responded:

A. As outlined above the levy is applied to all rateable properties. Where ratepayers have chosen not to pay more than one charge then the unpaid charges will be recovered as part of the Council's normal recovery procedures.

Q3. Is the Shire aware that since the introduction of the fees and the closure of the Alexandra Bridge transfer station there is rubbish being dumped in the State forest around the Scott River area?

The Shire President responded:

A. As fees in one form or another have been payable for use of the Nannup Waste Management and Recycling Facility since 2012 it is unlikely that the dumping of rubbish is in response to the introduction of the Waste Management Levy. In fact the payment of the levy entitles all ratepayers to entry to the tip and there would be no incentive from the levy to dump waste in the State forest.

The Shire does not have the resources to monitor the State forest for illegally dumped refuse. This would be a matter for the landowner – DPaW.

Q4. Is the Shire planning for a transfer station in the Scott River east area or are they prepared to work with Augusta Margaret River Shire to ask if residents can have access to the Alexandra Bridge transfer station which currently only operates for AMR residents 1 day per week?

The Shire President responded:

A. There are no plans to build a transfer station in the Scott River area. The Shire will however contact Augusta Margaret River to see if they will permit Nannup residents to use their facility.

P Twiss

Q5. Responses from businesses concerning advertising signs. Not much has changed. How is it being managed?

The Shire President responded:

A. Letters were sent to all main street businesses along with the signs policy and as a result there have been a number of enquiries from these businesses with regards to their signs and the policy. The Shire will work with individual businesses to ensure that their signs are compliant however this process will take some time.

- Q6. Container building on land adjacent to Balingup Rd and Grange Rd. I understood that permission had not been given to owner to build with containers.

The Shire President responded:

- A. No planning approval was required for a single dwelling and a building permit was issued for the proposed structure on 5th September 2014.

- Q7. Weed control: how much is Council aware of problem sites. What responsibilities to the Prime Plantation owners have to eradicate weeds after cutting trees?

The Shire President responded:

- A. All land owners including state agencies have a responsibility to manage their land and control declared pests, this is a Department of Agriculture issue and has been raised through the relevant channels. Council does not have any power apart from lobbying ministers and agencies to take responsibility for their land. The general response from these agencies and no doubt land owners will be a matter of cost and budget constraints.

7. Other Business – Questions from the floor

R Stallard

- 7.1 Will shade sails be provided at the new Recreation Centre to combat excessive heat?

The Manager Infrastructure responded:

- A. The ventilation in the main hall is being improved that will allow substantially more air flow. This should address the overheating problem.

- 7.2 With respect to the Heritage Policy consultation:

- i) Who chooses the categories?
- ii) How are the listings chosen?
- iii) Where is Killaby's House?

The Acting CEO responded:

- A. We cannot answer these questions this evening. Please arrange to discuss the document with the Development Services Officer.

- 7.3 Can the emergency exits from the Recreation Centre be modified as the current arrangement is unsafe?

The Manager Infrastructure responded:

- A. The Project Manager will be asked to look at this and report back.

P Twiss

7.4 Who is responsible for the street bins?

The Manager Infrastructure responded:

- A. Some are the Shire and some are the local businesses.

7.5 Can they be cleaned more frequently?

The Manager Infrastructure responded:

- A. We will look into this.

7.6 Why was the planning application for the sea containers on Balingup Rd approved?

The Shire President responded:

- A. As previously stated, a planning application was not required for a single dwelling. Provided the proposed building satisfied the Building Code of Australia a Building Permit would have to have been issued. Amendments to the current Town Planning Scheme approved by Council seek to plug this loophole.

T Dixon

7.7 Why do I have to pay three refuse disposal charges?

The Shire President responded:

- A. As previously stated the charges are in accordance with the requirements of the Waste Avoidance and Resource Recovery Act 2007.

7.8 Why is Nannup proceeding with it instead of charging like the Shire of Manjimup?

The Shire President responded:

- A. Whilst the WARR Act levy does have some drawbacks it is simple to operate and fair as everyone pays.

J Lorkiewicz

7.9 Were people affected by the proposed Heritage Policy notified by letter of the extension of the consultation period?

- A. Question taken on notice.

8. Other Business

None.

9. Meeting Closure

There being no further business to discuss the Shire President thanked everyone for their attendance and declared the meeting closed at 17:37.

1.22am Tim Downs, 9 Taywood Close, Bouvard, 0419170858: Incident took place about 19.00pm at Whitehills Beach. 3 large possible Bull Mastiff were on the beach. Tim pulled up on the beach with his 10 year old son and Jack Russell dog. Tim got out of the car and spoke to the owner of the 3 dogs who informed Tim not to let his Jack Russel out of the car. Whilst Tim was talking to the owner the 3 dogs had jumped on his son and pulled him to the ground and grabbed him on his head once on the ground they attacked the back of his neck, under his arms and hip. The owner tried to call the dogs off and Tim and his wife tried to remove the dogs physically. The owner just put the dogs into the back of his car. Tim has got the mobile phone number of the dog owner. Tim took his son to Peel Health Campus to receive hospital care. Received puncture wounds to the neck and head and back. His son is very distraught about the incident. Tim's son received Tetanus injections and more blood test today after the incident.

1220hrs phoned Alana Mianich 8 White Hill Road 95821221 who had phoned in to advise that it was her dogs that were involved in this incident. She advised that the dogs were Charlie Leroy and Rex and that they were on the beach at White Hills when the comp and his son drove up. She claims that her husband told comp not to let his dog out of the vehicle. She said that the son got out of his parents' vehicle and threw a Frisbee (this was at the rear of their vehicle) and next they heard a commotion and their dogs were on top of Taj. Alana claims that her dogs play in that fashion with her at home. She further claimed that the neighbour (comp) is psycho and has been threatening them and their dogs. She said that the boy did not seem distraught at the time, however his father was crying. She claims that until the boy saw his father crying he was fine. Advised her to keep her dogs secure and that I will visit comp today to ascertain his side of the incident. I will also drop DARF off. Photographed the offending dogs and discussed what action CoMI can take or may take, including declaring the 3 dogs (which have no history on record) as Dangerous Dogs, possible court action (including seeking destruction) and infringements. Mr and Mrs Mianich advised that they have purchased a property in Nannup and will be moving with their dogs soon. They claimed that the dogs will be contained in a fenced enclosure at the new property. 1300hrs phoned and spoke to comp at length about the attack. He said he had received call from dog owner last night to see how his son was and that this morning he had spoken to Alana Mianich whom he claimed said that "his kid shouldn't have got out of the car". He is most concerned that the dog owners aren't taking full responsibility here and of the potential for these dogs to do this again, possibly on a smaller child. 5/1/15 1600hrs attended 9 Taywood Close and spoke to victim 10yo male Taj Downs with his mother Jennefer Seneque. Taj was very sore and had several areas on his body where the dogs had attacked causing puncture wounds and also scratches. Taj said he had come out of the back of his parents vehicle and had thrown his Frisbee. He went over to get it back and that's when the dogs attacked him. He was bitten on the left thigh and dropped to the ground and the dogs all jumped on him, biting and scratching him. He was very scared. His mother advised that he had attended Peel Health Campus last night and then his doctor today. Taj is on antibiotics and received a tetanus injection last night. We discussed the attack and Ms Seneque said she had her back to Taj when the attack took place and once she heard him yelling and saw the dogs on her son she raced over with her partner to help. They took Taj to Peel HC immediately. I left DARF forms for Ms Seneque and Mr Downs to complete. I asked if I may photograph Taj's injuries and Ms Seneque assisted me while I did so. Taj had a deep wound on his left thigh, puncture wounds on the back of his neck and head, along with deep scratches; scratches on his right shoulder blade and underarm area; scratches on his right arm; puncture wounds to his back near the buttocks and scratches. Taj was very sore, especially on the thigh, neck and buttocks areas. He was very lethargic and Ms Seneque said he didn't want to do anything at all. 11/1/15 SW7 collected statement from Mr Mianich (Alana Mianich was not present at the time of the attack). Wed 14/01/2015 8:59 AM msg received by LE2 to call Mrs Mianich. 14/1/15 1000hrs phoned Tim Downs and asked him how his son Taj is. He said his son has not been able to do anything on his holidays including swim or ride his motorbike or go on a holiday to Denmark while Mr Downs is on his 28 day break. He further said that his son is traumatised and also his daughter whom he claimed was backed into a wall because she saw a dog coming towards her (unclear if this was a wandering dog or one that was leashed). Mr Downs said Taj has returned to his doctor several times and that he has now completed a course of antibiotics. He advised that he is seeking destruction of the attacking dogs and has engaged a lawyer - Mr Zane Norman of Trewitt and Norman 92407722 - to take civil action against the dog owners and to seek compensation. I also asked him if he and his wife have had time to complete their statements. He advised that he will place in his letterbox for me to collect tomorrow. Mr Downs further claimed that the dogs at 8 Whitehill Rd have attacked other dogs on 3 occasions previously although these were not reported. I advised him that it was the intention at this point to declare the 3 attacking dogs dangerous and explained the conditions under which the dogs will have to be kept. I also advised him that infringements will be issued to the dog owners for the attack. He is not happy at all with that course of action. 1020hrs spoke briefly to Coordinator Paul Kimber to advise him of status as I will be on annual leave from 16/1. Photographs attached of the offending dogs and also victim Taj Downs 1100hrs phoned Mrs Mianich who has been keen to find out if Taj Downs is going to be alright. Advised her that he is very sore and has a number of wound areas. I also advised her that I have spoken to Tim Downs today and that he is not happy about the dogs being declared dangerous and has engaged a lawyer to take civil action against them. We discussed the attack and the number of injury sites inflicted on Taj. Mrs Mianich said I will need to talk to her husband if I am going to request voluntary surrender of his dogs for destruction. We made an appointment to discuss the attack further at 1600hrs today. 1600hrs attended 8 Whitehill Rd and showed Mr and Mrs Mianich the photographs of injuries and had a discussion about the circumstances of the attack and the limited content of Mr Mianich's statement. Mr Mianich said that his 3 dogs circled Mr Downs' vehicle when they drove up next to him on the beach because they had their jack Russell in the car and then he told the dogs to go away so they went to the water. Mr and Mrs Downs had their backs to the area where Taj was attacked. Taj got out of the back of his parent's vehicle, threw the Frisbee and the next thing they heard the commotion. However after the attack Mr Mianich advised that Rex chased Mr Downs' vehicle and claimed that Mr Downs had tried to run the dog over. We discussed the implications for the future when the Mianich's move to their new home in Nannup. I advised them that I am happy to stand by my decision to declare their three dogs dangerous and issue the fines and they can see what transpires if and when Mr Downs proceeds with legal action against them. However they should note that this is an unprovoked attack on a child and that the outcome this time has not been life threatening but that it is possible this could happen again. I suggested that they consider voluntary surrender for euthanasia. Both dog owners were in tears as the photographs of Taj's injuries was upsetting. Dog owners will think things over and get back to me tomorrow. 15/1/15 1030hrs spoke to David Mianich who advised that Richard from H H Vet is attending property this evening at 1800hrs to euthanize all 3 dogs. Note registration record for Charlie shows him as Bronson (ie Charles Bronson). Arranged to visit this afternoon and deliver the infringements - 801959/60/61/62/63/64 a total of \$1800 for not under control in exercise area and attack causing injury. Auth updated for dogs' records. 1400hrs attended 8 White Hill Rd and Mr Mianich was at the gate. Gave him the infringements and he was tearful about euthanizing his 3 dogs. Advised him that I now intended visiting the complainant to check on Taj and obtain the complainant and witness statements. I advised him that I will convey their decision to euthanize the 3 dogs to the complainant. 1420hrs attended 9 Taywood Close and spoke to Jennefer Seneque (victim's mother) and advised her of the outcome of the investigation. She said the grapevine had already passed information that dog owners were euthanizing their animals. She said there had been a lot of "chat" in the local area and also on facebook with varying opinions about what action should be taken. She said this has been upsetting. Advised her that dog owners are upset but are taking action and have been informed. I advised her that to date no contact has been made with rangers from their legal representative Mr Norman. While I was on site Ms Seneque phoned her partner Tim Downs and advised him of the outcome. I photographed Taj's injuries which seem to be healing quite well although he said he hasn't been sleeping well but this wasn't due to dog attack. His mother advised that Taj doesn't want to do anything. I collected the completed DARFs 1428hrs missed call on my mobile from Mr Mianich. 1449hrs phoned Mr Mianich who advised me that he and his wife have changed their mind and they have decided to fight for their dogs. They advised they will not euthanize their dogs and will take them as dogs Declared Dangerous to their new home at Nannup. I told Mr Mianich that I had already advised the victim and his parents of their earlier decision to euthanize their dogs. He asked if I could speak to Mr Downs to get him to drop the issue and he would be prepared to pay compensation to Mr Downs. I advised Mr Mianich that I would not do so. Mrs Mianich came on the phone and said it doesn't matter, "we will fight for our dogs and not be bullied or intimidated". Dangerous Dog letter drawn up for delivery 16/1 and residents letters also. She said she and her husband have decided not to euthanize their dogs as they believe this is a one off incident and the dogs will be housed at their new 7acre property in Nannup in an enclosure and not be going in public again. I advised Mrs Mianich that a letter declaring the 3 dogs Leroy, Rex and Charlie Dangerous Dogs will be delivered to 8 White Hill Rd this morning by another ranger as I am now on leave for 6 weeks. I reminded her of her responsibility to ensure that the Shire of Nannup is made aware of the DD declaration and of her address in that district where the dogs will be kept. Mrs Mianich said they will be going to and from Nannup and Whitehills over the next few weeks as part of the process of moving house. They will keep the dogs with them at 8 White Hill Rd and also 4 Lechenaultia Drive Jalbarragup, during this period. I asked Mrs Mianich to provide this advice in writing by emailing me. She undertook to do this asap. I also advised Mrs Mianich that Jennefer Seneque's statement refers to a 4th dog and asked

Tracey Bishop is the lady that we will be dealing with and she is unavailable until Monday. We have ordered dangerous dog collars via express post. We have muzzles. We have put up the dangerous dogs signage that you provided for us on the 2 entry points that face 8 Whitehill Road Bouvard. We thank you for that. We think the best thing for the dogs, rather than taking them back and forward with leads and muzzles is for them to reside in Nannup as we have sold 8 Whitehill Road, Bouvard. We are also concerned that someone may take matters into their own hands and throw a poison bait over the fence. We are in the process of implementing an inner dangerous dog fence (snake proof) which we are required to do by law as well as having the current fencing surrounding the hole of the property in Nannup. All dogs are booked into the Nannup Vet to be micro chipped and then we will register them in Nannup as soon as that has been done. We thank your team of Rangers for the way in which you have handled this terrible situation. We do realise the seriousness of what has happened to Taj and his Family and are not taking it lightly. We have tried to contact them and they have not returned our call. Once your dogs are microchipped you should be able to transfer registrations from Mandurah to Nannup. You may need to reapply to the Shire of Nannup to keep more than 2 dogs at your new address unless as a rural property the number of dogs you have is within that shire's local laws. May pay to check with Mrs Bishop when she returns on Monday. You can only register your dogs for one year at a time. We greeted him by staying Happy New Year and asked him if it was safe to hop out as he had 4 dogs running around. Dave said it was safe just as long you keep your dog in the car. So Tim and myself hopped out and stood in front of our 4 wheel drive. Tim introduce me to Dave then I look beyond and notice that my son Taj Dawns being attack by 3 or 4 dogs. I screamed and ran over so did Dave and Tim, Taj was on the floor protecting his face as the dogs where biting his neck and body and also jumping on his back. Dave then yell at his dogs. Tim kicked one as they took off. I grab Taj and ran back to the car then I yelled at Tim to drive us back home. Then I drove Taj to Peel Health Campus where he

Dear David,

DANGEROUS DOGS (DECLARED) - SECTION 33 DOG ACT 1976

As you are aware, due to an alleged non-provoked dog attack on a child on the 4 January 2015, three male Staffordshire Bull Terriers were *declared dangerous* in accordance with Section 33E (1) of the *Dog Act 1976 (the Act)*. The names and registration numbers of these dogs are:

- Rex – tan/white sterilized male – tag number 33524
- Leroy – tan/white sterilized male - tag number 33724
- Bronson "Charlie" - tan sterilized male - tag number 66153

These dogs are registered within the City of Mandurah in your name. It is understood that you have purchased the above property within the Shire of Nannup with the intention of keeping these dogs on this property.

Following notification of your intentions, the Shire of Nannup has undertaken a thorough review of this position. As part of this review we have taken into consideration numerous facts that need to be considered. These have included:

- Consultation with Rangers at the City of Mandurah and Busselton,
- Consultation with the Department of Local Government,
- Consultation with full Shire of Nannup Council,
- A review of all paperwork relating to the unprovoked attack and
- The impact that minimal ranger coverage would have on this situation.

On review of all of these factors, we have decided that the Shire of Nannup is not prepared to allow these dogs to reside within our shire. As per Section 17 of the Act.

17A. If no application for registration made:

2) *A local government may give written notice to the owner of a dog that the dog cannot be registered by the local government because —*
(e) the dog is a dangerous dog.

Within this section provided that there are valid reasons for the refusal, the Shire of Nannup may refuse to allow the dogs to reside within our Shire. Listed below are the reasons that this decision has been reached:

- The alleged attack was on a ten year old minor, which resulted in puncture wounds to his neck, thigh and buttocks. Photographic evidence supports that the outcome could have been significantly worse had adults not been around to remove the dogs from the child.
- The attack itself was the result of three dogs attacking in a pack. It is reasonable to assume that this mentality would be similar if an opportunity was to arise at any point in the future. The evidence of the bite wounds supports that the attack was the result of numerous dogs attacking and not a single animal.
- The Shire of Nannup does not have a Ranger Services Department within its shire boundaries. If an attack were to occur, there would be a significant time delay in getting rangers to attend the scene.

This also means that the Shire is not able to continue to monitor the dogs at a level warranted by dogs that have previously attacked and have been declared dangerous. It is of major concern to the Shire of Nannup that this could not be undertaken at a sufficient level and hence as a result our tolerance levels to housing dogs of this nature needs to be reduced to zero tolerance.

- The area in which the dogs are housed is isolated. Therefore if an attack were to happen at this location there would be a significant time delay in getting medical attention to the victim.

Based on all of these factors, and in the interest of Public Safety, the Shire of Nannup has decided that it will not allow the dogs to remain within this Shire. We therefore request that the dogs be removed from this property within 14 days of receiving of this notice.

We also need to advise you that under the Act, as the owner of these dogs you have the right to appeal to the State Administrative Tribunal if you do not agree with our decision.

S17. Refusal or cancellation of registration:

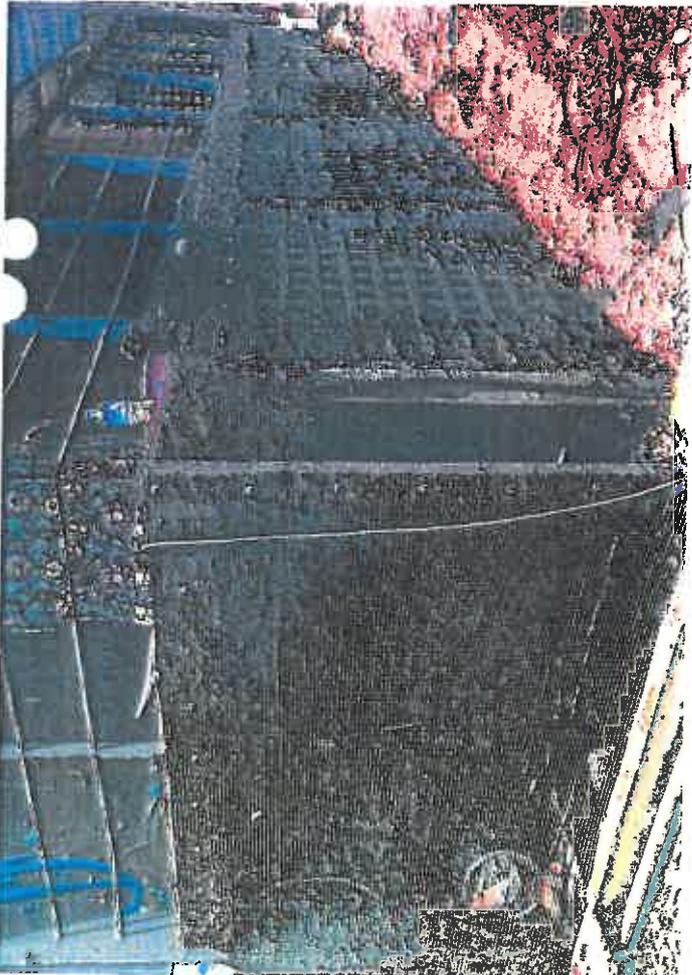

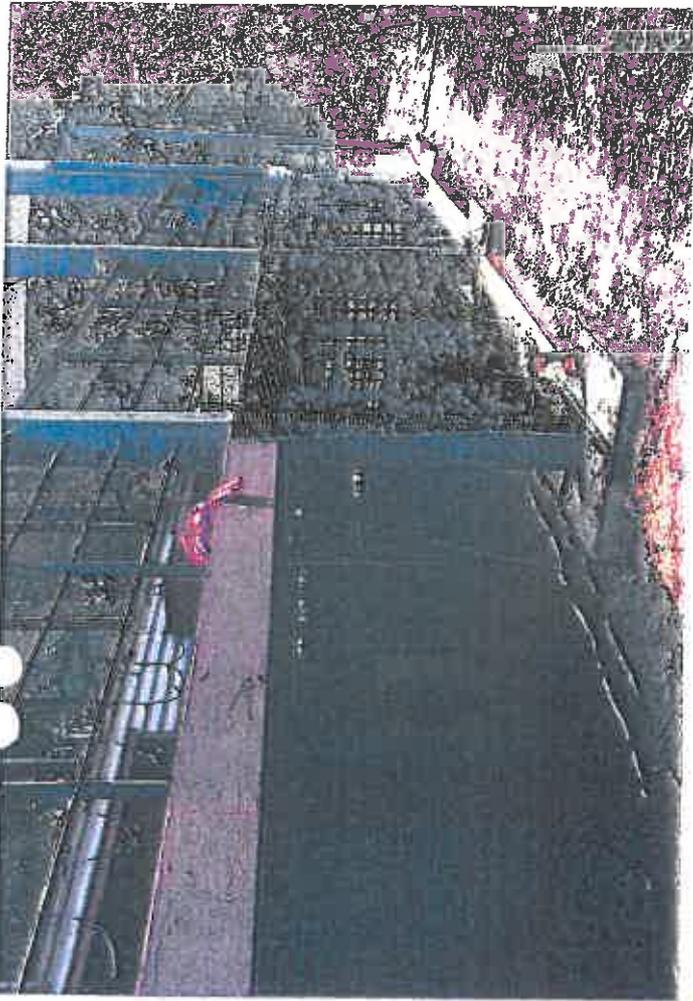

(1) Where a local government refuses to effect or renew the registration of a dog, or cancels a registration or gives a written notice under section 17A(2), the applicant or the registered owner or owner of the dog, as the case may be, may apply to the State Administrative Tribunal for a review of the decision.

We acknowledge that on your behalf, there has been significant expense spent in trying to reach compliance within this area. We also acknowledge that these dogs are part of your family and as such you would like them to be welcomed into our community. However based on the facts outlined above, the actions of the dogs as shown on the 4th of January does not support this application. We do not have the facilities or capability to ensure that if the dogs were to remain within our Shire that other residents would remain safe.

If you have any queries on this matter please do not hesitate to contact me on this.

Yours sincerely,

Subject: Provisions relating to control of dangerous dogs

Hi Tracie,

Just following up on our telephone conversation, I've had a chat with Darrelle and we agree with your interpretation of section 33GA of the *Dog Act 1976*. The term 'enclosure' isn't specifically defined by the legislation in a way that would preclude a secure yard from meeting the Act's requirements. However, regardless of whether it is a fenced area or some sort of locked pen, it must meet the criteria of section 33GA(2) in that its construction:

- prevents the dog from escaping;
- prevents the dog from being removed or released without the permission of the person liable for the dog's control; and
- prevents a child under 7 from entering or placing any part of its body into the enclosure without adult assistance.

We can confirm your interpretation that if, at any time, the dog is not secured in such a location, it must be:

- muzzled in accordance with section 33GA(6);
- appropriately restrained or tethered, in accordance with section 33GA(7); and
- controlled by an appropriately capable person at least 18 years of age, in accordance with section 33GA(8).

I hope this is of some assistance, and if you have any queries or requests for clarification, please don't hesitate to contact me on 6552 1655 or at matt.hayes@dlgc.wa.gov.au.

Best wishes,
Matt

To Nannup Shire Councillors

RE: Information with regard to our 3 staffy dogs.

We started making our move to live in Nannup on the 3rd of December 2013 when we put in a cash offer to purchase 3 Forrest Street. We intended to open up a shop there and stay the occasional night but complications with shire regulations made us withdraw this offer and start looking for a house first.

Our property in Jalbarragup was bought on the 12th of February 2014 just over a year ago. Initially, using the property as a weekend retreat until we were ready to sell our 8 White Hill Road property. We spent the year getting the property ready for sale (it was hard to leave it as we have lived there for 10 happy years). In the meantime put in a cash offer to purchase a second property in Nannup at 3 Forrest Street which we hoped to open up as a shop in the near future.

The only reason we are mentioning the above is to prove to everyone involved that we are not trying to run away from Mandurah with our 'dangerous dogs' (who were not dangerous at the time) but to make a permanent life for ourselves in what we consider to be a beautiful friendly town.

Unfortunately, after living for 10 years next to the same beach and taking our dogs there every day, a tragic accident took place on the 4th of January 2015 which labelled our dogs 'dangerous dogs' by the Shire of Mandurah with which our dogs are registered.

Although we do not deny that our dogs did bite the 10 year old boy, we do believe there were extenuating circumstances that caused this which included a frisby which the young boy was playing with and the fact that the adults were in conversation and not taking any notice of what the child was doing.

Since our dogs have never shown any aggression towards anyone before, we decided to fight the dangerous dog label by taking the matter to the SAT, showing them our evidence that these dogs have always been friendly and well behaved, and that the beach incident was a one off brought on by a unusual set of circumstances. The child running around with the frisby, the inattention of the adults and the dogs getting over excited thinking they were supposed to catch the frisby.

We have done all that has been asked of us by both rangers in both Shires. The only reason the Blackwood River part of our property has not yet been fenced is because we are waiting for Gary Dickson to do it but the fencing has already been ordered.

Since the Shire of Nannup has given us no chance at all to put forward any information that could be important in making a decision we have taken the unprecedented step of emailing this letter and the attached letters and sworn statements from a number of vets who have dealt with our dogs, friends

and neighbours who have known us and our dogs for some time, to give Councillors who may have to deal with this information a bigger overall picture.

We have bought a home in Nannup and our place has been sold and the current purchase of 3 Forrest and our sale is unconditional with settlement in three week's time, this means that if we cannot live in Nannup with our dogs we will be literally homeless until we sell our two properties and move on. We have invested much time and effort and money in deciding that Nannup is the place we want to live and we trust that the evidence we have provided will be enough to prove that our dogs are not out to attack anyone and anything without cause.

Finally, we are prepared to do anything the Shire requires of us to make our property safe even putting a special safety fence around the whole property with very fine wire, as high as is required so no child can get in. However, the house is fairly isolated from any other property and there are several acres and if fenced in this way should be completely safe. We would also like to let the shire know that we are with our dogs 24/7 since we do have an income that does not require us to go to work, therefore the dogs are never left on their own.

Yours Sincerely

David Mianich and Alana Rainer

To Whom It May Concern

This is to certify that on Thursday, 22nd January 2015, I examined both Leroy and Rex, 6 year old Staffordshire bull terriers, owned by Alana Mianich, of Jalbarragup. This consultation was for approximately 30minutes during which time I was investigating their eye problems. It was my opinion that both dogs were pleasant and easy to handle in this time. I was not exposed to any behaviour by either animal that suggested a tendency towards aggression in this consultation.

I examined Leroy on the 2nd and 23rd of February 2015 and found that he had a severe keratitis of the right eye which was causing significant discomfort. A successful surgery was performed on the 2nd Feb to graft conjunctiva into the cornea after removal of the unhealthy tissue.

Leroy has not shown any sign of dominant or aggressive behaviour to any member of my staff during our examinations or handling.

His eye appears to be more comfortable since surgery as based on today's follow-up visit.

I have treated multiple animals belonging to David Mianich and Alana Rainer over the last 15 years, including their current dogs. I have examined the dogs both in the clinic and at home, and at no stage in these examinations have any of the dogs exhibited any aggression.

I have found Mr Mianich and Ms Rainer to be responsible owners, always fully compliant with treatment regimes and medication requirements.

The recent events have been surprising, as my past experience with the dogs has at no stage intimated a tendency towards either individual or pack related aggression.

To whom it may concern

Regarding - Rex Mianich who is a Male Brown And White Staffordshire Bull Terrier (DOB 28th January 2010).

Owners Details: Mr Mianich
Lot 3 Forest Street
Nannup WA 6275

I examined Rex on 2nd and 23rd February 2015 and found that he had a significant eyelid inflammation causing significant discomfort as seen by squinting and a generalized allergic skin disease.

Rex has not shown any sign of dominant or eggressive behaviour to any member of my staff during our examinations or handling.

His eyes both now appear to be more comfortable since the Anti-allergic medication with his eyes being held open and no sign of squinting.

TO WHOM IT MAY CONCERN

I would like to take this opportunity to inform you that I have personally known David Mianich for the last 24 years. With in that time I have watched and appreciated his time and effort that he has dedicated to all his dogs since they were puppies. I have spent time alone with them and more in particular my 10 year old daughter has spent time alone with them as well. Within all the years concerned there has NEVER been any incident or any form of aggression from any of the dogs in question.

I would have no hesitation in being alone with the dogs, or leaving my daughter in their company.

Yours sincerely

To Whom It May Concern,

David Mianich and Alannah Rainer, moved to 8 White Hill Road, in January, 2005. Over the past 10 years, we can confirm that they have been exceptionally considerate neighbours and very responsible dog owners.

Their three dogs, Rex, Leroy and Charlie, have at no stage displayed any aggressive behavior towards us, neither have we ever felt threatened or intimidated by them. The dogs have always been well looked after and well behaved, so much so, that it is very unusual to even hear them ever barking.

Should you have any further queries regarding David and Alannah's dogs, please do not hesitate to contact us directly on (08) 9582 1710.

Yours sincerely,

Re: Dangerous Dogs

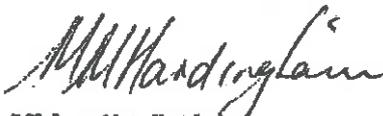

Mr Dave Mianich, of 8 Whitehill Road Bouvard, has advised us of his dogs being processed towards being declared as Dangerous Dogs.

We wish to inform you that in the 10 or so years of knowing Mr Mianich and visiting his property on numerous occasions, that we have never witnessed any dangerous behaviour from any of his animals. Even on trips to the local beach, the dogs have always been well behaved and usually contained within his vehicle if others approach.

It would be a shame to see these animals on such a register as we believe them to be well treated and self-confined with no threat to the public.

We trust you will take our opposition into account when reaching your verdict.

Kind Regards

TO WHOM IT MAY CONCERN.
(Dear Sir/Madam,)

RE: DOGS OWNED BY MR DAVID MIANICH & M/S ALANA RAINER
@ 8 WHITE HILL ROAD, BOUVARD, W.A. 6211.

In regard to the dogs owned by the above people I would like to now inform you of the following information.

I have visited the property at least 5 times where the dogs reside and firstly I must confirm the dogs have been extremely obedient and very friendly the times I have called at the said property.

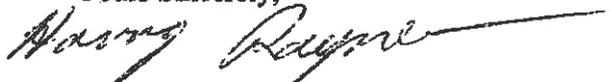

I can remember the first visit where I opened the driveway gate to get to the Owners house and only 5 metres inside the gate I was greeted by 4 or 5 "Staffy" dogs who just sat there and looked at me with their tails wagging. The Owners were not home so I let myself out without a "growl" or any aggressive nature from either dog. Aggressive dogs would have growled and shown aggression towards me when I first let myself in the gate.

I have a 3 year old Granddaughter who once came with me to the Owners property and when I got her out of my vehicle I placed her on the ground and she walked up to all the dogs in different places and started to "pat" them. No aggression from any of the dogs and when they were being patted their tails were wagging and all the dogs were looking for more pats and attention from my Granddaughter. She must have been making a fuss over the dogs for at least 15 minutes "incident free". If you came in contact with the dogs you would easily "see" just how good natured and obedient the dogs are. A credit to the Owners indeed.

I do not socialise with the Owners as I only know them through mutual business and I was absolutely shocked when they told me about the dogs being classed as Dangerous Dogs, hence I volunteered this reference.

I trust the above is of assistance to you regarding your decision making process.

Yours Sincerely,

Harry Rayner (Justice of The Peace, No: 8409).

OATHS, AFFIDAVITS AND STATUTORY DECLARATIONS ACT 2005

STATUTORY DECLARATION

Lance Vincent CONNOP

I,
Of 25 MERLIN DRIVE CARINE , PERTH WESTERN AUSTRALIA, POLICE SERGEANT
.....

sincerely declare as follows:-

I have known David MIANICH for approximately 21 years. Prior to him moving to Whitehills Road , Lake Clifton , David lived opposite my home in Merlin Drive Carine. We became good friends and over the years have maintained regularly contact. I met his partner Alana RAINER in approximately 2006.

In the time that I have known David he has always had dogs and always had not less than two dogs.

When David moved to Lake Clifton he purchased a breeding pair of English Staffordshires and they had several litters. From those litters he kept a total of three puppies which are now the subject of proceedings before the Tribunal.

I know David and Alana very well and they are of excellent character, are honest in their dealings with people and have an excellent community spirit.

I have been to their home on many occasions and on occasions when other members of his family have also been in attendance. On all the occasions I have attended David and Alana's home the dogs have been in attendance.

At no time have I ever witnessed any of the dogs in any way display any aggressive conduct towards myself or my wife or any persons in attendance. The dogs are well behaved and clearly enjoy the company of people and receiving affection.

David and Alana are entirely responsible in respect to the ownership of their dogs. They derive a great deal of pleasure from the company of their dogs and have over the years spent a considerable sum of money on ensuring their welfare with regular veterinary maintenance along with fencing around their 5 acre property to ensure the dogs do not wander.

This declaration is true and I know that it is an offence to make a declaration knowing that it is false in a material particular.

This declaration is made under the *Oaths, Affidavits and Statutory Declarations Act 2005*

Penalty: imprisonment for 10 years.

[Section 33GA inserted by No. 18 of 2013 s. 36.]

33GB. Dangerous dogs (restricted breed) to be sterilised

- (1) The owner of a dangerous dog (restricted breed) that has reached 3 months of age must ensure that the dog is sterilised.

Penalty:

- (a) a fine of \$10 000, but the minimum penalty is a fine of \$500;
 - (b) for each separate and further offence committed by the person under the *Interpretation Act 1984* section 71, a fine of \$500.
- (2) It is a defence to a charge of an offence under subsection (1) if the person charged satisfies the court that the dog —
- (a) has a physical condition that is likely to cause the dog to die if it is sterilised; or

(b) is sterile.

[Section 33GB inserted by No. 18 of 2013 s. 36.]

33GC. Restrictions on transferring ownership of dangerous dogs (restricted breed)

(1) In this section —

restricted breed pup means a pup —

- (a) having at least one parent that is a dangerous dog (restricted breed); and
- (b) that is under 3 months of age.

(2) A person must not advertise a dangerous dog (restricted breed) or a restricted breed pup as being for sale or otherwise available for transfer of ownership.

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

(3) A person must not sell a dangerous dog (restricted breed) or a restricted breed pup to another person.

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

(4) A person must not otherwise transfer the ownership of a dangerous dog (restricted breed) or a restricted breed pup to another person unless —

- (a) the dog or pup forms part of a deceased estate and its ownership is transferred by the executor of the will in relation to, or the administrator for, the estate; or
- (b) the owner of the dog or pup is certified, by a person registered under a written law as a medical practitioner, as being not capable of caring for the dog or fulfilling the responsibilities that an owner of a dangerous dog (restricted breed) has under this Act; or

- (c) the Minister in his absolute discretion forms the view that extraordinary conditions exist in a particular case and a transfer of ownership is justified in that case.

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

- (5) A person must not —

- (a) buy a dangerous dog (restricted breed) or a restricted breed pup from another person; or
- (b) otherwise accept the ownership of a dangerous dog (restricted breed) or a restricted breed pup from another person except in the circumstances mentioned in subsection (4)(a) or (b).

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

- (6) It is a defence to a charge of an offence under subsection (5) in relation to a restricted breed pup if the person charged satisfies the court that the person did not know and did not have reasonable cause to believe that the dog was a restricted breed pup.

[Section 33GC inserted by No. 18 of 2013 s. 36.]

33GD. Dangerous dogs (restricted breed) not to be bred

A person must not —

- (a) breed a dangerous dog (restricted breed); or
- (b) breed from a dangerous dog (restricted breed).

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

[Section 33GD inserted by No. 18 of 2013 s. 36.]

33GE. Prohibition on transfer of ownership of dangerous dogs (declared) to persons under 18

(1) In this section —

receiver means a person to whom —

- (a) a dangerous dog (declared) is sold; or
- (b) the ownership of a dangerous dog (declared) is otherwise transferred;

relevant time means the time at which an offence under subsection (2) is alleged to have been committed.

(2) A person must not sell, or otherwise transfer the ownership of, a dangerous dog (declared) to a person who has not reached 18 years of age.

Penalty: a fine of \$10 000, but the minimum penalty is a fine of \$500.

(3) It is a defence to a charge of an offence under subsection (2) if the person charged satisfies the court that —

- (a) at or before the relevant time the receiver had produced to the person charged evidence that the receiver had reached 18 years of age; and
- (b) at the relevant time the person charged had no reason to believe that the receiver had not reached 18 years of age.

(4) For the purposes of subsection (3)(a) the following documents can be used as evidence that a person has reached 18 years of age —

- (a) a current passport;
- (b) a current Australian driver's licence;
- (c) a prescribed document,

that bears a photograph of the person and indicates by reference to the person's date of birth or otherwise that the person has reached 18 years of age.

[Section 33GE inserted by No. 18 of 2013 s. 36.]

33G. Seizure and destruction

- (1) Where an authorised person or a police officer has reasonable grounds to believe that an attack by a dangerous dog has occurred, whether or not a warrant has been applied for under section 29(5a), that authorised person or police officer may, if he has reasonable grounds to believe it is necessary to do so, enter onto or into any premises and there seize the dog and thereafter the dog may be detained under section 29(3).
- (2A) An authorised person or a police officer who has reasonable grounds to believe that a dangerous dog (restricted breed) has given birth to one or more pups may —
 - (a) enter any premises under a warrant issued under section 29(5a) or with the consent of an adult occupier of the premises; and
 - (b) seize each pup; and
 - (c) detain each pup under section 29(3).
- (2) On the dog being detained as mentioned in subsection (1) or (2A) the local government or an authorised person must give notice in writing, in addition to any notice required by section 29, to the owner of the dog —
 - (a) informing the owner of the seizure and of the place where the dog is detained; and
 - (b) giving reasons for the seizure; and
 - (c) stating that, whether or not the dog is claimed, the local government proposes to cause the dog to be destroyed, at a time specified not earlier, unless the owner otherwise consents, than 10 days after the giving of the notice; and
 - (d) specifying that the owner has a right under this Division, to be exercised within not more than 7 days after the giving of the notice, either —
 - (i) to lodge a written objection with the local government, with a subsequent right to apply to

the State Administrative Tribunal for a review of the decision made by the local government on the objection; or

- (ii) to apply directly to the State Administrative Tribunal for a review,

where, and as soon as, that is practicable.

- (3) The local government shall cause a dog seized under this section to be detained until any objection which is received has been considered, the time for making an application to the State Administrative Tribunal for a review has passed, and if an application is made that application has been determined.
- (4) Where an objection is lodged with a local government in accordance with subsection (2)(d)(i) the local government shall consider it and —
- (a) if the local government dismisses the objection, the owner may, within 7 days after the giving of a notice by the local government as to the dismissal of the objection, apply to the State Administrative Tribunal for a review of the decision; or
- (b) if the local government has not given notice to the owner stating that the objection has been considered, and setting out its determination on the objection, within 35 days after the giving under subsection (2) of the notice of the seizure of the dog, the owner may, within 42 days after the giving of that notice under subsection (2), apply to the State Administrative Tribunal for a review of the decision to which the owner objected.
- (5) Where a local government gives notice of the dismissal of an objection under this section, that notice must set out the reason for the dismissal of the objection.

(6) Where —

- (a) an objection lodged with a local government in accordance with subsection (2)(d)(i) is dismissed and —
 - (i) no application for review is made to the State Administrative Tribunal; or
 - (ii) an application for review is made but the applicant discontinues the application; or
 - (iii) the State Administrative Tribunal makes an order dismissing the application for want of prosecution;

or

- (b) an application is made under this section to the State Administrative Tribunal for a review and the State Administrative Tribunal affirms the proposal to cause the dog to be destroyed,

an authorised person, or a person specifically authorised by the State Administrative Tribunal, may destroy the dog concerned.

[Section 33G inserted by No. 24 of 1996 s. 10; amended by No. 10 of 1998 s. 29(1); No. 55 of 2004 s. 261 and 268; No. 8 of 2009 s. 47(2); No. 18 of 2013 s. 37.]

33H. Local government may revoke declaration or proposal to destroy

- (1) The local government of the district in which the dog is at that time ordinarily kept may, of its own motion or, subject to subsection (4), on the application of the owner of the dog, revoke —
 - (a) a notice under section 33F(1) declaring a dog to be a dangerous dog (declared); or
 - (b) a notice under section 33G proposing to cause a dog to be destroyed,

if the local government is satisfied that the dog can be kept without the likelihood of any contravention of this Act.

- (2) The local government may, before dealing with any application under subsection (1), require the owner of the dog to which the relevant notice relates, or a person to whom ownership, possession or control of the dog has passed, to attend with the dog a course in behaviour and training approved by the local government, or otherwise to demonstrate a change in the behaviour of the dog.
- (3) The local government must, as soon as is practicable, give notice in writing to the owner of the dog —
 - (a) of the revoking of a notice under subsection (1); or
 - (b) if the owner has sought such a revocation, of any refusal so to revoke and of the reasons for the making of the decision.
- (4) A person who was the owner of a dog at the time the relevant notice was given shall not be entitled to make an application under subsection (1)(a) until —
 - (a) any objection or application for review in respect of the notice sought to be revoked has been determined; or
 - (b) one year has elapsed since the giving of that notice, or since any preceding application under subsection (1) was determined.
- (5) Where an application is lodged with a local government under subsection (1) the local government shall consider it and —
 - (a) if the local government dismisses the application, the owner may, within 7 days after the giving of a notice by the local government as to the dismissal of the application, apply to the State Administrative Tribunal for a review of the decision; or
 - (b) if the local government has not given notice to the owner stating that the application has been considered, and setting out its determination on the objection, within 35 days after the lodging of the application under
